Editorial Index

INDUSTRY WEEK

VOLUMES 184 & 185

January 1 through June 30, 1975

Subject Index 3

Company Index 26

Published by

PENTON INC.

PENTON PLAZA, CLEVELAND, OHIO 44114

SUBJECT INDEX

A

Abrasives:
Abrasive experts, 4/28, p.25

Accounting:
Clearing up the gobbledygook, 4/21, p.10
Inflation accounting tried by Shell Oil, 2/24, p.59
Juggling the books . . . Allowing for inflation, 5/12, p.35

Acoustic Emissions:
Acoustic emissions testing, 4/7, p.13

Acoustics:
An acoustical sounding device, 2/3, p.23

Action Groups:
Set up a legislative action group, 3/31, p.5

Adhesives:
A new adhesive spray should make oral surgery easier for dentists, 1/6, p.23
A new epoxy adhesive, 1/13, p.22
A new water-based laminating adhesive, 1/27, p.27
Bonding manmade materials? 3/24, p.42
Impact-resistant bonds, 6/9, p.18
Two urethane adhesive compositions, 1/6, p.23

Advertising:
Can industry get more mileage from its ads? 6/16, p.69
No new FTC policy on 'image' ads, 5/26, p.51
Strong ad budgets signal confidence in many industries, 2/10, p.18
The boom continues in corporate advertising, 3/31, p.40

Aerosols:
A new aerosol spray, 4/14, p.22
Aerosol propellants: no consumer threat? 6/16, p.10
Fast-moving aerosols, 6/16, p.29
Government report fuels debate on fluorocarbons, 6/23, p.14

Aerospace Industry:
Aerospace talks stall but no strike seen, 1/13, p.15
Canada restructuring aerospace industry, 2/10, p.14
Defense cuts, curbs on arms sales, worry aerospace firms, 2/10, p.47
IAM strike boosts aerospace layoffs, 3/17, p.16
Machinists reschedule aerospace talks, 3/10, p.9
More aerospace firms make products that will never fly, 4/28, p.60
Strike hits aerospace; but dockworkers settle, 2/17, p.21
U. S. aerospace firms post gains in overseas markets, 6/30, p.46

Africa:
U. S. firms 'overcautious' on African deals, 6/23, p.56

Age:
All washed up at 40? 1/13, p.10
Senior managers: Making age an asset, 2/24, p.31

Agencies:
Reorganization is set aside, 4/14, p.55

Air:
Air pollution from coke ovens, 6/23, p.22
Clean Air Act amendments are bogged down in Congress, 6/9, p.13
Clean Air deadlines approach; many firms won't meet them, 5/12, p.12
Clean air rules gang up on industrial expansion, 3/24, p.15
Clean air ruling may spur variances, 4/28, p.18
Industries press lawmakers to 'balance' clean air law, 3/31, p.9
Precisely how air pollution spreads, 2/24, p.30
Tighter pollution rules face L. A. industry, 5/26, p.22
To find the volume of an irregularly shaped object, 5/5, p.19
Zinc oxide particles, 5/5, p.19

Air Bags:
Air bags: delayed, but still alive, 6/2, p.57

Air Compressors:
The most significant air compression advancement, 2/24, p.28

Air Conveyors:
Air conveyor firms blowing up a storm, 6/16, p.70

Air Freight:
Air-freight firms see hazardous cargo rise, 2/24, p.27
Air-freight industry heading into turbulence? 2/17, p.44
Bulk air cargo planes move closer to reality, 6/9, p.22
Can forwarders continue to 'put it all together'? 2/15, p.50
FAA tightens rules on hazardous cargoes, 2/10, p.13

Air Ions:
Air ions indeed do have an effect on living systems, 6/16, p.35

Aircraft:
Advanced aircraft are going to be teated more economically, 4/28, p.25
Cargo planes, via reincarnation, 6/9, p.42
First YF-16 production set for summer, 1/20, p.15
Lighter-than-air enthusiasts, 4/28, p.24
New ceramic windows for airplanes, 1/27, p.26
Some tips on flying 'delicate' subjects, 2/17, p.9
Still no American SST, 2/10, p.57
Whatever happened to . . .? 1/6, p.46
Youth discount fares for flying denied, 5/19, p.10

Aircraft Equipment:
Lasers will cut composite aircraft parts made of boron or carbon fibers, 3/10, p.15
Perceiving a host of instruments quickly, 3/31, p.19

Airlines:
Air fares reduced for long excursions, 2/3, p.10
Air travelers: hand check or X-ray? 3/24, p.10
Can forwarders continue to 'put it all together'? 2/17, p.50
CAB favors extending air tour rule, 2/10, p.8
FAA tightens rules on hazardous cargoes, 2/10, p.13
More discount air fares may return, 4/7, p.6

Alarms:
A computerized alarm system, 1/6, p.22

Alaska:
A pricetag for Arctic gas pipeline, 1/20, p.55
Hot oil, cold nights at Prudhoe Bay, 1/20, p.25
Most North Slope gas now under contract, 4/21, p.17

Alcohol:
Alcohol could fuel cars, but . . ., 3/17, p.57
Ethyl alcohol will help fuel 36 passenger cars and pick-up trucks, 1/27, p.26

Algae:
Unicellular algae have the potential of solving our food shortages, 6/30, p.23

Aliens:
Ban on hiring illegal aliens could open 1 million jobs, 3/17, p.22

Alloys:
A steel (manganese) alloy that resists wear, 5/12, p.23
A superplastic aluminum alloy, 1/27, p.26
Data on brazing alloys, 2/24, p.28
Soviet technology, 2/24, p.30
Superior soft magnetic properties, 1/20, p.24

Alumina:
You can reduce wear in a water pump, 5/19, p.26

Aluminum:
A superplastic aluminum alloy, 1/27, p.26
Aluminum distributors enjoy new recognition, 6/23, p.52
Aluminum's in a slump, but some see shortages ahead, 5/12, p.50
Aluminum truck cabs: will autos be next? 2/17, p.73
Aluminum wins new automotive market, 1/27, p.71
An inexpensive way to plate aluminum, 2/3, p.23
The electrodeposition of aluminum from aromatic hydrocarbons, 6/9, p.17
Shipping volatile fuels, chemicals, and solvents, 6/16, p.29

AFL-CIO:
AFL-CIO's agenda for the new Congress, 1/20, p.55
AFL-CIO wants help for the unemployed, 3/3, p.10
NMTBA joins no-hands-in-die fray, 5/26, p.51
No labor compromise on health, 3/3, p.55

American Gas Assn.:
Natural gas sales to industry dip again, 1/13, p.50

American Iron & Steel Institute:
AISI says solid waste can help save fuel, 5/5, p.19

American Petroleum Institute:
FEA switches to monthly oil reporting, 3/31, p.55

American Society of Association Executives:
Help! Hard times strengthen trade groups, 2/10, p.9

American Society of Mechanical Engineers:
Cost-cutting ideas eyed at design show, 4/28, p.18

Amtrak:
Amtrak fares to Florida trimmed, 4/7, p.6
Amtrak offers price cuts on West Coast runs, 2/24, p.10
Congress aims Amtrak on road to recovery, 6/9, p.22

Animal Feed:
Animal feed can be made from the liquid effluent from meat-packing plants, 5/26, p.20

Annual Meetings:
Dissident stockholders tackle new issues—and win a few, 4/7, p.9
Ford asks regulatory review at Chamber's annual meeting, 5/5, p.13
One way to inform workers: face-to-face with the boss, 4/28, p.22
Stockholders plan some tough questions, 4/7, p.9

Annual Reports:
Do your employees merit 'page one'? 4/7, p.5
File under: 'wish we'd thought of that,' 6/30, p.9
Grading period, 3/10, p.3

Antifreeze:
You can reclaim auto antifreeze, 2/10, p.17

Antipreneurs:
The antipreneurs, 5/26, p.5

Antitrust:
AT&T antitrust suit threatens Bell Labs, 1/13, p.20
Is antitrust sinking U. S. trade effort? 5/26, p.23

Apparel Industry:
Apparel recovery hinges on consumers' intentions, 6/16, p.67

Appliances:
Appliance industry forecasts better year, 1/20, p.54
Appliance makers say they are cutting energy usage, 3/10, p.49
Buying a used appliance? 4/28, p.10
Reducing kitchen appliance costs, 3/31, p.6

Arab Nations:
Arabs shun investment here, survey suggests, 6/2, p.50
IW survey shows . . . Managers oppose Arab investment, 1/13, p.11
Stockholders don't welcome Arab investment, 4/28, p.64
U. S. now more dependent on Arab oil, 2/17, p.14

Aramids:
Five times stronger than steel . . ., 5/26, p.20

Area Development:
Industry's still welcome almost everywhere, 6/2, p.30

Arthritis:
An aspirin for arthritics? 2/24, p.10

Artificial Islands:
Artificial islands: new coastal plant sites? 5/26, p.21

Ash, Roy L.:
Management techniques can aid government, says Ash, 1/27, p.17

Asphalt:
High skid resistance is only one benefit of a new asphalt road surface material, 3/31, p.19

Aspirin:
An aspirin for arthritics? 2/24, p.10

Assembly Lines:
Getting rid of the assembly line, 2/3, p.38

Astronauts:
Earth-orbiting astronauts, 4/21, p.35

Atlantic Coast;
State protests scuttle Atlantic oil leasing for this year, 2/24, p.17

Atlantic Ocean:
Atlantic oil drilling still facing delays, 3/24, p.20
Atlantic oil leasing plans behind schedule, 2/10, p.57

Atmosphere:
An acoustical sounding device, 2/3, p.23

Atomic Industrial Forum:
Atomic forum steps up role as spokesman, 4/28, p.63
Foreign reactor sales up; U. S. sales falter, 5/12, p.21

Audio Visual Equipment:
Audio visual programs, 3/3, p.20

Audiovisuals:
Time to refresh yourself on OSHA standards? 3/31, p.5

Audits:
Quarterly report audit called too expensive, 4/21, p.69

Australia:
Australia plans to sell more in U. S. markets, 6/16, p.32
Australia to clamp down on use of tax havens, 2/17, p.68
Australia wants to borrow $20 billion, 5/19, p.80
Coal becoming Australia's big export item, 2/10, p.58
More Australian coal for Japan, 1/20, p.56
Sales tax cut hikes car sales in Australia, 2/24, p.68

Automation:
Laboratory automation, 3/17, p.18

Automotive:
A battery booster and charger, 3/10, p.22
A front wheel bearing, 5/5, p.18
A novel ignition system, 4/7, p.12
A novel lead filter for auto exhausts, 6/16, p.35
A zinc-nickel oxide battery, 3/17, p.18
Air bags: delayed, but still alive, 6/2, p.57
Alcohol could fuel cars, but . . ., 3/17, p.57
All auto assembly lines active, 6/9, p.48
All car lines working: output rises, 4/28, p.57
Aluminum truck cabs: will autos be next? 2/17, p.73
Aluminum wins new automotive market, 1/27, p.71
AMC bets on another small car, 1/20, p.57
An alternative to the station wagon? 2/3, p.57
An auto fueled by a mixture of gasoline and water, 5/19, p.27
Auto cancellations hit machine tool orders, 1/6, p.62
Auto daily assembly rate rising, 3/31, p.50
Auto designers see 1980 cars as lighter, smaller, 3/3, p.14
Auto firms shaving tool orders, 2/10, p.61
Auto's first-quarter forecast slashed, 1/6, p.58
Auto imports capture larger market share, 3/24, p.125
Auto inventories lowest since 1968, 3/24, p.103
Auto output hits new high, 5/19, p.72
Auto rebound could bring new steel squeeze, 4/21, p.85
Auto stocks: the time to buy? 3/3, p.6
Automakers lose output momentum, 3/3, p.52
Automakers' new year starts slowly, 1/13, p.50
Battle over auto emissions gets rolling in Washington, 1/27, p.21
Bearings makers hurt, but auto slump is only one ill, 1/27, p.68
Bringing a car home from abroad? 6/16, p.10
Buyers hold key to auto's 1975, 1/6, p.69
Car and truck output moving upward, 4/21, p.70
Car and truck output, sales fall again, 1/27, p.63
Car output continues to fall, 2/17, p.62
Car output rebound planned for March, 3/10, p.50
Car output, sales turn upward, 6/16, p.67
Chevy's Monza adds a coupe, 5/5, p.65
Detroit struggles to stop rust, 5/5, p.65
Did the rebate experiment work? 2/24, p.73
Disc brake pads made of thermosetting resins, 3/10, p.22
Electric cars may make it yet, 6/9, p.57
End of the road for the British auto industry? 4/28, p.52
Ethyl alcohol will help fuel 36 passenger cars and pick-up trucks, 1/27, p.26
Fleet buyers can get rebates, too, 2/3, p.57
Follows corporate trend . . . Private auto leasing makes inroads, 6/23, p.61
Foreman—Who'd want the job? 4/28, p.30
Fuel economy . . . How you measure it makes a difference, 3/3, p.57
German automakers losing ground to foreigners, 5/5, p.60
Growth in world auto output seen slowing, 3/24, p.120
Homogenizing gas and water, 3/24, p.41
Imports top 20% again in March, 4/14, p.50
In Detroit, salaried workers are losing benefits, and jobs, 1/13, p.13
In 1976 talks—Auto firms to face smaller, richer UAW, 6/30, p.53
June looks good for auto industry, 6/30, p.45
Low tire pressure can hurt gas mileage, 3/3, p.6
Making the small car safer, 3/10, p.57
Mid-year models: small and fancy, 4/28, p.69
More auto suppliers give cash to employees who buy cars, 1/20, p.10
New car sales fall short, 5/5, p.54
New car sales show improvement, 6/2, p.49
1975 starts below last year's pace, 1/20, p.49
No 'deal' in auto standard stretchout, 1/27, p.79
Not all car cash rebates are tax-free, 2/24, p.10
Output up; car sales' rise forecast, 2/3, p.49
Rebates seem to be selling cars, 2/24, p.62
Rebates seem to be working—but, 2/10, p.45
Retreads rebound in replacement markets, 3/3, p.53
Safety issue: Are the standards 'cast in bronze'? 6/16, p.85
Sales tax cut hikes car sales in Australia, 2/24, p.68
Sales up; most auto plants open, 3/17, p.48
Scrap auto tires are being 'fed to the fish,' 3/31, p.18
Snow tires: for winter use only, 4/14, p.6
Soviet car slated for '76 U. S. debut, 6/16, p.26
Spring isn't lifting Detroit's winter gloom, 5/12, p.57
Surface treating and painting, 2/17, p.25
The hows and whys of car leasing, 5/5, p.10
The safe way to use jumper cables, 1/6, p.10
The Sarich orbital engine, 3/3, p.22
The superflywheel is now being considered for small autos, 6/30, p.22
Three million cars and trucks built, 5/26, p.55
Three prototype steam engines for autos, 6/16, p.29
Total vehicle output rises slightly, 6/23, p.46
Truck builders optimistic about May, 5/12, p.47
Truck output slated to rise in April, 4/7, p.50
Truck sales to come back—slowly, 5/19, p.85
U. S. diesel growth to trail Europe's, 3/31, p.57
U. S., Japan heading for auto price war? 1/6, p.64
U. S. workers find . . . Team assembly has problems, too, 4/7, p.57
Washington bumps off tough bumper rules, 1/13, p.61
'We can get it for you retail,' 3/3, p.32
Weight reductions needed for tomorrow's autos, 3/24, p.41
Where do you fit in the gas consumption picture? 4/28, p.10
Will it be a true auto plant? 3/31, p.31
You can reclaim auto antifreeze, 2/10, p.17
You can still sell Detroit a better idea, 1/27, p.85

Awards:
Tubemakers seek ideas with awards, 4/21, p.28

Axles:
To weigh axle loads more accurately, 4/28, p.24

B

Bakery Goods:
Prices of baked goods fall, 4/7 p.6

Balance of Payments:
Canada faces large payments deficit in 1975, 5/12, p.52
Italy's huge payments deficit disappears, 6/30, p.48

Balanced Economic Growth Plan:
BEGP is BUNK, 6/23, p.5

Baldness:
Sweet sixteen—and going bald, 5/12, p.10

Balers:
A novel rice straw baler cuts air pollution, 3/24, p.42

Balloons:
A novel tetrahedron balloon, 6/9, p.18

Bankruptcy:
Firm fights bankruptcy rumors, 3/3 p.23
Planners rush to continue Rock Island freight service, 3/24, p.26
Recession continues to boost bankruptcies, 3/3, p.22

Banks, Banking:
Escrow accounts may earn interest, 6/23, p.10
Escrow accounts receiving 'interest,' 3/10, p.6
Fed proposal may lure firms' funds, 6/30, p.45

Bargaining:
Accord reached in most oil labor pacts, 2/3, p.14
Aerospace talks stall but no strike seen, 1/13, p.15
Fear of controls may fuel labor militancy this year, 1/6, p.18
Fear of wage controls may affect labor talks, 1/20, p.9
More rail settlements likely, but key union expects strike, 3/10, p.8
Pacific dockworkers back at the table, 5/19, p.23
Rail union sets selective strikes to speed bargaining, 1/13, p.14
Scales continue to tip toward labor, 4/21, p.9
Side issues, not wages, cloud remaining railroad talks, 2/3, p.13
Textile Workers sign pattern agreement, 4/21, p.22

Basic Oxygen Furnaces:
BOF patent case may go to Supreme Court, 4/21, p.25

Batteries:
A battery booster and charger, 3/10, p.22
A zinc-nickel oxide battery, 3/17, p.18
Laser welding of the plate connectors, 4/21, p.35
Prototype batteries for electric cars or utility storage systems, 5/12, p.23
The safe way to use jumper cables, 1/6, p.10

Bauxite:
Jamaica extends control over bauxite mining, 4/28, p.64

Bearings:
A front wheel bearing, 5/5, p.18
Bearing failures can be predicted via a novel vibration analysis, 3/31, p.19
Bearings makers hurt, but auto slump is only one ill, 1/27, p.68

Beef:
Beef prices will stay low, 5/12 p.10
Polyunsaturated beef fat? 6/2, p.24

Bicentennial:
Bicentennial, energy top industry film topics, 4/28, p.16
Industry spending $100 million on bicentennial; more sought, 3/31, p.16

Bids:
Does competitive bidding tie up engineers needlessly? 2/17, p.20

Billets:
Seamless tubes, 2/24, p.28

Biomechanics:
Biomechanics boosts worker productivity, 2/3, p.34

Biorhythm:
Now, a kit to chart biorhythm cycles, 1/20, p.6

Blacks: Also see Minority Groups
Black college finds industry interested, 5/19, p.30

Blades:
Noisy circular saw blades, 3/3, p.22

Blood:
A quick test for lead poisoning, 2/3, p.23

Blood Pressure:
Check your blood pressure at home? 2/10, p.8

Bluecollar Workers:
Bluecollar women get organized, 4/14, p.23

Bluffing:
How to bluff, 4/21, p.58

Board of Directors:
More women elected to boards of directors, 5/19, p.19

Boats:
Boat sales off, but fall pickup possible, 6/2, p.54
River cargo traffic to grow, so bigger towboats are coming, 6/9, p.47

Boilers:
A new type of boiler, 5/12, p.23

Bonding: Also see Welding
Bonding manmade materials? 3/24, p.42

Bonds:
Industrial development bonds: A little-known financing bargain, 3/24, p.88

Bones:
Lifelike replacements for our bones and teeth, 4/7, p.12

Books for Managers: See Publications

Booth, Arch:
'We've made steady progress,' says retiring chamber head, 4/28, p.14

Boston:
Boston parking cutback eased; other plans stay, 2/17, p.22

Brakes:
Disc brake pads made of thermosetting resins, 3/10, p.22
Truck sales slowed by tougher brake rules, 4/14, p.57

Brands:
What's Uncle Sam buying? 3/24, p.119

Brazil:
Brazil hopes export push will aid payments, 4/28, p.64
Commerce cites $10 billion Brazilian market, 1/20, p.56

Brazing & Soldering:
Data on brazing alloys, 2/24, p.28

Breeder Reactors:
Breeder still key to electricity supply, 1/20, p.18

Bridges:
Fed up with broken bridge surfaces that threaten to ruin your tires? 6/2, p.23

Brine:
A freeze-drying development, 1/13, p.20

Brokerage Houses:
Broker-dealer failure rate declines, 5/19, p.10

Brotherhood of Railway & Airline Clerks:
More rail settlements likely, but key union expects strike, 3/10, p.8
Rail strike now seems less likely, 6/16, p.24

Bubbles:
A better buoyancy bubble, 5/26, p.20

Budgets, Budgeting:
Budget doesn't follow Dent's export wishes, 3/3, p.56
Congress will use new budget process this year, 3/17, p.51
Defense budget review won't bring big cuts, 2/24, p.64
Don't let budget panic sink long-range plans, 3/10, p.23
Ford hopes deficit can brighten future, 2/10, p.45
Ford still resists new programs, 5/19, p.79
Inflation hits economic documents, 2/17, p.67
Strong ad budgets signal confidence in many industries, 2/10, p.18

Building:
Does competitive bidding tie up engineers needlessly? 2/17, p.20

Bumpers:
Washington bumps off tough bumper rules, 1/13, p.61

Bureau of Standards:
Standards Bureau offers metric kit, 3/31, p.55

Business Economy (Foreign):
British expect see more troubles ahead, 3/3, p.21
German economic consensus: upturn, 5/26, p.52
Japan's economy seen getting back on track, 4/21, p.80
Japan's growth rate seen hitting 10%, 6/30, p.48
Japan's sinking economy due for stimulus, 3/17, p.52
Japanese foresee year of healthy growth, 3/24, p.120
Soviets set '75 industrial output goal, 1/13, p.56

Business Economy (U. S.):
A spring thaw for the economy? 3/31, p.47
Bad economic year worldwide, 3/3, p.56
Business slow to see improvement, 6/2, p.45
Businessmen not sold on recovery, 5/5, p.51
But pessimism still lingers, 6/23, p.43
Changing the forecast, 5/19, p.79
Confidence in pickup's timing falters, 5/19, p.63
Consumer spending headed up . . . Business spending outlook weakens, 4/14, p.47
Cures for the economy: More than just a tax cut, 1/20, p.7
Curing economic woes will be a long fight, 2/3, p.45
Economic recovery now 'assured,' 4/21, p.65
Economic Roundtable — Economic stimulus unnecessary; pickup already scheduled, 2/3, p.43
Economic Roundtable — Economy falling, but not through the floor, 1/6, p.53
Economic Roundtable — Inflation and business still tumbling, 4/7, p.45
Economic Roundtable—Pickup now a foregone conclusion, 6/2, p.43
Economic Roundtable—Worst of recession behind us now, 5/5, p.49
Economy at bottom—for how long? 6/9, p.45
Economy marking time . . . What comes after the recovery? 5/12, p.45
Economy's vital signs offer healthy prognosis, 6/23, p.43
Employee benefits continue to rise, despite economy, 3/24, p.34
Ford hopes deficit can brighten future, 2/10, p.45
Ford's proposals get passing marks, 1/20, p.47
Heavy jobless fund payments may boost industry tax hikes, 2/17, p.19
Help! Hard times strengthen trade groups, 2/10, p.9
Inflation's ebbing is economy's good news, 3/3, p.45
Loaded for bear, 6/16, p.5
Long-term outlook worries investors, 5/26, p.43
Moderate growth likely to 2000, says study, 6/16, p.30
Poverty by popular demand? 6/23, p.S-1
Rays of sunshine, 3/17, p.5
Recession continues to boost bankruptcies, 3/3, p.22
Recession hits programs aiding disadvantaged, but skips some, 2/10, p.10
Recession threatens R&D funding outlook, 1/6, p.59
Recovery will be delayed, 1/27, p.79
Response to Ford's proposals: Businessmen wait for the legislation, 1/27, p.61
Shift toward normalcy? Order rate decline seen leveling, 3/10, p.47
Slow investment: Neutral, not negative, economic sign, 6/16, p.65
Stage set for recovery, but act could flop, 4/28, p.55
Strong federal stimulus seems almost certain, 3/31, p.48
Transfers overcome recession blahs, 2/10, p.7
Viewpoint—"Inflation (in 1975) will subside at a much faster rate than is now believable," 1/20, p.22
What actually caused the recession? Stockpiling, 4/14, p.42
Will recession leave scars? 6/30, p.41
Will unemployment breed a tax cut? 1/6, p.55
Would a tax cut renew inflation? 1/13, p.47
Wrestling the octopus, 2/3, p.5

Business Ethics:
'A little' pregnant? 6/2, p.5

Business Failures:
Volkswagen loses top spot in Germany, 3/17, p.52

Business Letters:
End your letters with imagination, 4/28, p.10

Business Planning:
Business goes under the 'microscope,' 2/3, p.9

Business Resource Center:

Cables:
A niobium-tin cable that's flexible, 5/12, p.24

Cameras:
A tiny TV camera, 4/7, p.13
An ultrasonic 'movie camera,' 6/16, p.29
Its latest TV camera is tubeless, 2/17, p.24

Canada:
Can you comply with Canadian package rules? 3/17, p.52
Canada considers wage and price controls, 6/30, p.48
Canada faces large payments deficit in 1975, 5/12, p.52
Canada hopeful of common market trade link, 1/13, p.56
Canada restructuring aerospace industry, 2/10, p.14
Canada set to sell capital goods to Russia, 6/23, p.58
Canadians amend packaging rules, 4/28, p.64
Get the most for your money, 3/3, p.6
Northern firms hit by Canadian gas price hike, 5/26, p.51
Viewpoint—". . . all participants in the Canadian economy . . .." 2/17, p.12

Cancer:
Job-related cancers draw wider attention, 4/7, p.21
Laser-generated X-rays, 3/10, p.22

Candidates:
Battle for Abel's job gets early start, 4/28, p.13
William Wirt? . . . Let's see, wasn't he. . . .? 1/27, p.10

Canners:
Hard-pressed canners urged to politic more, 2/3, p.17

Cans:
Canners cut prices to move inventory, 5/5, p.54

Capacity:
Ford's energy capacity plans close to industry predictions, 1/27, p.21

Capital:
Humphrey challenges Simon's capital fears, 6/2, p.51

Capital Investment:
Our critical choices: Builders or beggars? 6/23, p.S-7
Slow investment: Neutral, not negative, economic sign, 6/16, p.65

Capital Spending:
Consumer spending headed up . . . Business spending outlook weakens, 4/14, p.47
Despite federal demand . . . Money markets to ease this year, 3/3, p.47
For pollution, expansion . . . Steelmen need $49 billion by 1983, 5/19, p.15
Japan steel firms hike environmental outlay, 6/9, p.52
Oil's capital spending rises in world, U. S., 3/3, p.49
Should government be a source for capital? 1/27, p.62
U. S. firms' overseas units slow spending, 4/21, p.80
Viewpoint—"During the last ten years, electric utilities spent approximately $75 billion. . .." 2/10, p.14
Viewpoint—"The solution to too much money chasing too few goods. . .." 3/24, p.38

Carbide:
One of the latest carbide cutters, 5/5, p.19

Carbon Dioxide:
A way to improve the efficiency of carbon dioxide removal, 3/24, p.42

Carbon Fiber:
Carbon fiber material costs coming down, 5/26, p.50

Carbon Monoxide:
Carbon monoxide lasers, 4/14, p.22

Carbon Steel:
Ultrahigh carbon steel has strength, ductility, 3/10, p.21

Carbons:
Glassy carbons can be produced faster, 2/17, p.24

Cargo:
Air-freight firms see hazardous cargo rise, 2/24, p.27
Air-freight industry heading into turbulence? 2/17, p.44
Can forwarders continue to 'put it all together'? 2/17, p.50
Cargo planes, via reincarnation, 6/9, p.42
Hazardous cargo law focuses on packagers, 1/13, p.19
River cargo traffic to grow, so bigger towboats are coming, 6/9, p.47

Cargo Bill:
Vetoed cargo bill may be back, 1/13, p.55

Cartels:
Could world commodity pacts offset raw material cartels? 5/12, p.22

Casting, Castings:
New casting method improves tubemaking, 6/23, p.16
Outlook hopeful for nonferrous castings, 4/28, p.58
Sharing expertise solves supply problems, 3/24, p.96

Casualties:
When is a casualty not a casualty? 6/23, p.10

Catalytic Converters:
You can still sell Detroit a better idea, 1/27, p.85

Cathodes:
Cold cathode lighting technology, 3/10, p.22

Caution:
Caution or indecision? 1/27, p.5

Cells:
Young cells taken from human skin, 2/3, p.22

Cellulose:
Blood from a turnip, 3/10, p.22
Lines of attack on the problems involving food, energy, 4/7, p.12

Cement:
Flexible cement reinforced with fiber glass, 1/27, p.26
Joint sealing problems in the refractory lining of glass furnaces, 5/26, p.20

Census Bureau:
FTC's corporate patterns report in trouble, 5/19, p.79

Center for the Study of American Business:
Business goes under the 'microscope,' 2/3, p.9

Ceramics:
Joint sealing problems in the refractory lining of glass furnaces, 5/26, p.20
New ceramic windows for airplanes, 1/27, p.26

Chamber of Commerce:
Consumer bill—fought by business—may pass this year, 3/24, p.17
Ford asks regulatory review at Chamber's annual meeting, 5/5, p.13
U. S. Chamber names new president, 3/24, p.119
'We've made steady progress,' says retiring chamber head, 4/28, p.14

Defense cuts, curbs on arms sales, worry aerospace firms, 2/10, p.47
More competition, less regulation for defense contractors, 1/13, p.44
System to cut defense costs seems to work, 6/9, p.46

Defense Dept.:
Conflict charged in defense hiring, 3/24, p.22
Defense budget review won't bring big cuts, 2/24, p.64
Defense Dept. refines securit, clearance rules, 5/12, p.51
More competition, less regulation for defense contractors, 1/13, p.44

Dent, Frederick:
Budget doesn't follow Dent's export wishes, 3/3, p.56
Dent needs help for trade talks, 3/10, p.55
Disappointment with Dent, 4/7, p.55
Search for Dent deputies is on, 3/24, p.119
Trade negotiator Dent stresses free trade, 4/21, p.31

Dental Care:
A new adhesive spray should make oral surgery easier for dentists, 1/6, p.23
Cash bite in dental care, 1/27, p.10
Dental plans spread despite economy, 5/12, p.47

Department of Transportation:
Still no American SST, 2/10, p.57

Depletion:
Oil industry ends feud over depletion repeal, 1/27, p.79

Desalination:
A novel water desalination process, 2/3, p.22

Designs:
Auto designers see 1980 cars as lighter, smaller, 3/3, p.14

Detectors:
A detector of combustible gas, 2/17, p.25
A portable narcotics detector, 4/14, p.19
An automatic ground detector monitors the condition of electrical systems, 5/5, p.19
An automatic way to detect defects, 3/3, p.21
Detecting cracks in steel structural parts, 1/20, p.18
Detecting smog and smog-producing conditions, 1/6, p.22

Detente:
Detente is not dead, 1/20, p.56

Detergents:
Soak-tank cleaning, 6/9, p.17

Devaluation:
Devaluation boosts exporting, firms say, 3/31, p.18

Developing Nations:
Developing nations: a developing steel problem? 5/12, p.27
Developing nations urged to pool technology, 4/21, p.80
Irish industrial growth slows emigration, 3/17, p.14
Law of the Sea flounders, 6/16, p.80
Rich resources mean growth in Far East, 2/24, p.28

Diamonds:
Synthetic diamond dies, 3/24, p.41

Diecasting:
Steel diecastings can be produced via a modified high-pressure process, 6/30, p.22
Viewpoint—"A recently completed market study shows a disparity of sales attention in the diecasting marketplace . . . ", 4/7, p.22

Dies:
Synthetic diamond dies, 3/24, p.41

Diesel:
U. S. diesel growth to trail Europe's, 3/31, p.57

Direct Mail:
Direct mail selling tried by more industrial firms, 3/31, p.52

Direct Numerical Control:
Whatever happened to . . . ? 1/6, p.46

Discounts:
Will discount reinvestments be taxable? 6/23, p.10
Youth discount fares for flying denied, 5/19, p.10

Discrimination:
Youth discount fares for flying denied, 5/19, p.10

Distributors:
Aluminum distributors enjoy new recognition, 6/23, p.52
Put your people 'on call' with distributors, 6/16, p.9

Dividends:
Stored earnings can incur stiff penalty, 3/31, p.5
Will discount reinvestments be taxable? 6/23, p.10

Divisions:
Put your divisions on the firing line, 3/3, p.36

Dockworkers:
Pacific dockworkers back at the table, 5/19, p.23
Strike hits aerospace; but dockworkers settle, 2/17, p.21

Documents:
Inflation hits economic documents, 2/17, p.67

Domes:
A $4 million bite from defense costs, 3/3, p.14

Donovan, R. Michael:
Is manufacturing under control? 2/3, p.40

Drills, Drilling:
Four new drill bits speed the cutting of drill holes, 6/30, p.22
Some of the latest cordless drills . . . . , 5/26, p.19

Drugs:
A new drug release concept, 2/3, p.22
A portable narcotics detector, 4/14, p.19
Nonprescription drug sales expected to keep growing, 1/13, p.51
Pills, smoking increase risk of stroke, 3/17, p.10
Regulations inhibit new drug research, 6/2, p.49
Testing drug effectiveness, 2/10, p.17

Drying:
The difficult late drying stage found in fluidized bed drying . . . , 6/2, p.23

Ducts:
Noisy ducts can be quieted with an acoustic trap material, 5/12, p.24

Dues:
Dues protesters seek UBWA convention, 3/17, p.16
Steelworkers irate over dues increases, 2/10, p.11

Too many motor mouths, 1/13, p.5
Too much for granted, 2/17, p.5
When will we learn? 2/10, p.5
Who, me? 2/24, p.5
Will success backfire? 5/12, p.5
Wrestling the octopus, 2/3, p.5

Education:
Can your company read? 4/28, p.9
Exposing enough people to those new ideas? 3/3, p.5
Firms give more to education, but attach more strings, 4/7, p.14

Electric Vehicles:
Electric cars may make it yet, 6/9, p.57
Electric trucks gain in delivery uses, 2/24, p.26
Is it time to plug into electric trucks? 2/17, p.9

Electrical Equipment:
An automatic ground detector monitors the condition of electrical systems, 5/5, p.19
Power supply sales projected to double, 5/19, p.74

Electricity:
A picture of pure electricity in droplet form, 6/9, p.17
Blast furnace gas runs a gas expansion turbine, 1/20, p.18
Breeder still key to electricity supply, 1/20, p.18
Delays snag generating capacity hike, 1/20, p.55
Electric arc melting furnaces, 2/17, p.25
Electric bills upset managers, but utilities' plight understood, 6/2, p.12
FPC sees 'adequate' power for summer, 6/23, p.13
Greater electrical efficiency via improved cores, motors, generators, 3/3, p.22
Peak load pricing of electricity is here, 4/28, p.11
U. S. electric bills among fastest-growing, 3/31, p.50

Electrodeposition:
Iron foil is a product of electrodeposition from a ferrous chloride solution, 6/9, p.18
The electrodeposition of aluminum from aromatic hydrocarbons, 6/9, p.17

Electron Beams:
A new form of technology, 3/3, p.22

Electronic Equipment:
International electrical standards, 1/13, p.20
Need plastic electronic connectors, 6/16, p.35

Electronics Industry:
Electronics demand to stay high in Europe, 1/27, p.80

Emission Control:
A novel lead filter for auto exhausts, 6/16, p.35
Battle over auto emissions gets rolling in Washington, 1/27, p.21
Flexibility sought on powerplant emissions, 4/28, p.19
No 'deal' in auto standard stretchout, 1/27, p.79

Employee Attitudes:
All washed up at 40? 1/13, p.10
Does your firm suffer from job design mismatch? 3/31, p.5
More 'cooks' can stir a more productive 'soup,' 1/13, p.24

Employee Benefits:
Employee benefits continue to rise, despite economy, 3/24, p.34
Fringes a big part of Germany's wage bill, 3/31, p.56
In Detroit, salaried workers are losing benefits, and jobs, 1/13, p.13
Out of emergency—and into intensive care, 3/3, p.5
Unions gained more than wages last year, 4/14, p.50
What can you split, carry, cash in, or bank? A vacation, 6/30, p.18
Will April 1st be a holiday? 3/24, p.9
Workers on layoff get insurance extensions, 6/16, p.66

Employee Participation:
Industrial democracy in Europe lifts profits, 3/17, p.52
More 'cooks' can stir a more productive 'soup,' 1/13, p.24
OSHA ruling spurs union follow-up, 5/26, p.19

Employee Relations:
Can your doctor recheck 'recovered' workers? 4/21, p.9
Do you know how to lay it on the line? 2/17, p.9
Do your employees merit 'page one'? 4/7, p.5
'Got-a-minute?' Reviews are vital, 2/24, p.9
How do you treat plant vandalism? 6/30, p.9
Senior managers: Making age an asset, 2/24, p.31
Should a worker's personality affect your managing? 5/5, p.28
Take your staff to the 'line'—for one day, 6/9, p.9
Workers study their company—and boost its performance, 4/28, p.50

Employee Traits:
No fumbles may win game but lose title, 1/13, p.9
'Satisfactory' worker may be a detriment, 2/24, p.9

Employment/Unemployment:
AFL-CIO wants help for the unemployed, 3/3, p.10
Ban on hiring illegal aliens could open 1 million jobs, 3/17, p.22
Congress readies answers for 'Jobs Now' demands, 5/5, p.16
Curing economic woes will be a long fight, 2/3, p.45
Ease tax burden on rehired employees, 5/19, p.9
Economy at bottom—for how long? 6/9, p.45
Fair employment practices summarized, 6/2, p.9
Firms lay off by seniority despite court challenges, 2/24, p.16
Grad schools ranked by employment value, 1/27, p.9
Heavy jobless fund payments may boost industry tax bills, 2/17, p.19
Higher taxes for industry? States borrow to pay jobless, 4/7, p.7
'Let them eat cake,' 3/24, p.5
More unemployment vs more inflation: dilemma or myth? 1/20, p.38
Policy-makers grapple with 'structural' unemployment, 6/30, p.19
Raise the unemployment wage base? 3/10, p.55
Recession hits programs aiding disadvantaged, but skips some, 2/10, p.10
'74 unemployment topped 7% in six states, 5/12, p.5
Short weeks, pay cuts aim at avoiding layoffs, 2/24, p.15
Summer jobs in steel continue to decline, 4/14, p.53
Too much for granted, 2/17, p.5
Unemployed may help rebuild railroads, 4/7, p.8
Unemployment a 'possibility' in Japan, 2/3, p.52
Unemployment stress? Women lead the men, 6/30, p.10
Unions plan no rush to new SUB funds, 5/5, p.21
Who can demand a letter of reference? 6/2, p.9
Will Congress provide jobless health care? 3/24, p.37
Will unemployment breed a tax cut? 1/6, p.55
Workers on layoff get insurance extensions, 6/16, p.66

Emulsion:

A novel ignition system, 4/7, p.12
The Sarich orbital engine, 3/3, p.22
Three prototype steam engines for autos, 6/16, p.29
U. S. diesel growth to trail Europe's, 3/31, p.57

England: See Great Britain

England, Gordon R.:
Are you missing the boat on OSHA? 4/21, p.59

Entrepreneurs:
The entrepreneurs—Part 1, A flop, then a winner, 6/9, p.35

Environment:
A 'year of reconciliation' in environmental programs? 1/6, p.13
House has in-house environmental panel, 2/10, p.57
Industry buys environmental revisions, but will Congress? 1/27, p.18
Japan steel firms hike environmental outlay, 6/9, p.52
Our critical choices: Drift or direction? 6/23, p.8-15
Pending environmental bills would add to regulatory maze, 6/2, p.14
SEC could soon set more disclosure rules, 4/7, p.52

Environmental Protection:
Viewpoint—"The costs of environmental protection over the next decade. . . ." 6/9, p.19

Environmental Protection Agency:
Are Mahoning steel mills worth saving? 6/30, p.15
Battle over auto emissions gets rolling in Washington, 1/27, p.21
Boston parking cutback eased; other plans stay, 2/17, p.22
Court overturns EPA lead phase-out rule, 1/20, p.55
EPA can provide pollution loan help, 2/3, p.9
EPA, OSHA clash over industry noise level, 1/27, p.9
EPA readies 'blacklist' of firms to be denied federal contracts, 6/30, p.13
EPA tests drinking water in 80 cities, 1/27, p.10
More candidates for noise regulation, 6/23, p.55
Polluters ineligible for federal contracts, 5/5, p.59
Was Gary shutdown jobs vs clean air? 1/13, p.50

Environmentalists:
Hathaway nomination irks environmentalists, 4/21, p.79
How far have environmentalists come? 4/7, p.24

Enzymes:
A new method for tartaric acid production, 1/6, p.23
An 'enzyme assembly line,' 5/5, p.18

Epoxy:
Fed up with broken bridge surfaces that threaten to ruin your tires? 6/2, p.23
Fire and corrosion protection in one epoxy coating, 3/31, p.18
Maintenance coatings are improving, 6/2, p.23

Equal Employment Opportunities:
Efforts lag to end job bias, GAO finds, 5/12, p.15
Women hard hit by economic troubles, says NOW leader, 3/17, p.19
You trained 'Joe,' then promoted him; was it legal? 3/10, p.5

Equal Employment Opportunity Commission:
EEOC layoff guidelines may help solve seniority problems, 4/14, p.8
EEOC policies, procedures, standards reproduced, 3/24, p.9
EEOC postpones layoff rules, 4/28, p.63
Perry will take over EEOC, 6/2, p.51

Equal Opportunity Efforts:
Bluecollar women get organized, 4/14, p.23
Course to clarify affirmative action needs, 1/13, p.9
Equal Rights Amendment won't affect employers much, 1/27, p.28
Fair employment practices summarized, 6/2, p.9
Recession hits programs aiding disadvantaged, but skips some, 2/10, p.10
The tough task of meshing seniority with equal opportunity, 1/27, p.31

Equal Rights Amendment:
Equal Rights Amendment won't affect employers much, 1/27, p.28

Equipment:
Financial problems cramping antipollution equipment firms, 4/7, p.11
How much can you squeeze out of a 'lemon'? 2/3, p.9
Leasing makes major inroads; growth unaffected by inflation, 4/14, p.49
Old equipment may gather dust—and citations, 5/12, p.9
Rebuilt equipment: bargain or burden? 6/2, p.9

Escrow Accounts:
Escrow accounts may earn interest, 6/23, p.10
Escrow accounts receiving 'interest,' 3/10, p.6

Ethyl Alcohol:
Ethyl alcohol will help fuel 36 passenger cars and pick-up trucks, 1/27, p.28

Europe:
Electronics demand to stay high in Europe, 1/27, p.80
Europe a gold mine for consumer sales? 1/13, p.54
Europe's coal output fell last year, 3/3, p.56
Europe will increasingly turn from fossil fuel to nuclear fuels, 4/7, p.13
European industry discovers Women's Lib, 2/24, p.49
Execs here still earn more than Europeans, 2/17, p.22
Fast growth expected in European leasing, 3/17, p.50

Industrial democracy in Europe lifts profits, 3/17, p.52
Small firms can succeed in East European trade, 3/10, p.43
The picture in Europe: Growing whitecollar unions, 2/17, p.31

European Community:
Britain to divorce itself from EC? 2/10, p.58
Canada hopeful of common market trade link, 1/13, p.56
China and EC to begin trade talks, 4/14, p.56
Europe's trade barriers being lowered, 1/13, p.56
EC and China will write trade pact, 6/2, p.52
EC-Israeli trade pact awaits other treaties, 3/3, p.56
EC takes step toward fuel independence, 2/24, p.68
Oil producers favor short-term investments, 1/27, p.80
U. S. could be hurt by British pullout, 5/19, p.80

Executives:
Are you running scared? 1/20, p.35
Execs here still earn more than Europeans, 2/17, p.22
Help! Hard times strengthen trade groups, 2/10, p.9
Ruling could broaden executive liability, 4/14, p.19
Small firms' chiefs make dollar gains, 6/30, p.9
'We have kidnapped your president. . . .' 6/16, p.62
What's in a title? 6/9, p.9

Expansion:
Clean air rules gang up on industrial expansion, 3/24, p.15
For pollution, expansion. . . Steelmen need $49 billion by 1983, 5/19, p.15

Export Council:
Export Councils: more than trade promoters, 1/27, p.28

Export-Import Bank:
A rush of exports brings changes in export financing, 2/17, p.61
Eximbank eases terms to boost U. S. exports, 3/10, p.18
Eximbank is wandering, 6/30, p.47
Eximbank questions export loan limit, 6/9, p.52

Exports, Imports:
A rush of exports brings changes in export financing, 2/17, p.61
Administration may move on oil quotas, too, 2/24, p.67
Auto imports capture larger market share, 3/24, p.125
Brazil hopes export push will aid payments, 4/28, p.64
Budget doesn't follow Dent's export wishes, 3/3, p.56
Business aims to alter Russia's trade deals, 3/3, p.7
Coal becoming Australia's big export item, 2/10, p.58
Commerce promotes minority exporters, 3/17, p.51
Construction machine makers push exports, 2/17, p.62
December import totals jar U. S. steelmakers, 2/3, p.48
Devaluation boosts exporting, firms say, 3/31, p.18
Eximbank eases terms to boost U. S. exports, 3/10, p.18
Export Councils: more than trade promoters, 1/27, p.28
Export promotion funds may be back, 5/19, p.79
Exports to Italy may slip, but capital goods may fare better, 3/17, p.13
Farm exports again aid trade account, 3/10, p.56
Imports are worrying specialty steelmakers, 3/3, p.49
Imports top 20% again in March, 4/14, p.50
Iran moves to unclog port jam, 5/5, p.60
Japan's machine tool exports jump 64%, 4/14, p.56
Major nations' exports and imports drop, 6/23, p.56
New guide to aid exporters, 3/24, p.120
Oil can't finance all USSR import needs, 5/26, p.52
Oil exporters' money reserves growing slower, 6/2, p.52
Oil import agency gains in Congress, 4/28, p.63
Propane supplies could rise if FEA allows more imports, 5/26, p.12
Some moves to limit textile imports, 5/19, p.80
Stainless steel hurt by prices, imports, 6/16, p.73
Steel imports set records; but may fall, 3/10, p.50
Steel orders picking up; imports off in February, 4/7, p.51
Steelmen worry over shipments, imports, 3/17, p.47
Strong export markets for metalworking tools, 5/26, p.47
U. S. aerospace firms post gains in overseas markets, 6/30, p.46
U. S. metalworking exports look good, 3/31, p.56

Extrusion:
Parts forged or extruded following coating with a new glass-ceramic dispersion, 1/13, p.20
Soviet technology, 2/24, p.30

F

Facilities Planning:
Facilities planning: not for amateurs, 6/30, p.9

Fair Trade:
Few fight fair trade repeal, but service, quality may slip, 4/14, p.11
Ford backs fair trade repeal, 2/17, p.67

Far East:
Rich resources mean growth in Far East, 2/24, p.28

Fares:
Air fares reduced for long excursions, 2/3, p.10
Amtrak fares to Florida trimmed, 4/7, p.6
Bus, rail fares go up, 6/30, p.10
More discount air fares may return, 4/7, p.6
Youth discount fares for flying denied, 5/19, p.10

Farm Equipment:
A novel rice straw baler cuts air pollution, 3/24, p.42
Farm equipment demand eases after two strong sales years, 6/23, p.45

Farm Products:
Farm exports again aid trade account, 3/10, p.56

Fast Breeder Reactors:
Congress gears up to review breeder program, 4/7, p.55
ERDA energy research plan seen paring breeder effort, 6/23, p.15
ERDA seeks top role in breeder project, 3/31, p.55

Fat:
Polyunsaturated beef fat? 6/2, p.24

Federal Aid:
Federal aid for troubled firms? 3/17, p.43

Federal Aviation Administration:
FAA tightens rules on hazardous cargoes, 2/10, p.13

Federal Energy Administration:
FEA begins program to force powerplants to switch to coal, 5/26, p.13
FEA gears up for natural gas 'rationing,' 6/30, p.47
FEA interested in energy parks, 2/24, p.67
FEA moves to mandate switches to coal, 5/12, p.51

Aluminum wins new automotive market, 1/27, p.71
Commerce cites $10 billion Brazilian market, 1/20, p.56

Marriage:
Spouse spats trigger suicide, 4/14, p.6

Mason, Ronald:
Borrowing money—the right way, 2/24, p.46

Mass Transit:
ARCO dapped a flood of mass transit ideas, 3/24, p.48
How do we improve public transit? 5/26, p.10

Material Handling:
Air conveyor firms blowing up a storm, 6/16, p.70
Costs hold spotlight at material handling show, 6/9, p.16
Inventory savings spark material handling by computer, 2/10, p.50
OSHA revises material handling standards, 4/28, p.9

Measuring:
A radar measuring system, 5/5, p.18
Automatic testing is a challenge, 4/21, p.28
Interested in a coordinate measuring machine? 6/23, p.21
Measuring a room's comfort . . . , 5/26, p.19
Measuring machines or machine tools, 6/30, p.23
The latest measuring machine, 5/19, p.26

Meat:
Beef prices will stay low, 5/12, p.10
The tender shock—that's what will tenderize meat, 5/19, p.27

Medallions:
New twist to increasing plant utilization, 6/16, p.9

Media:
How to get your side across in the media, 5/26, p.38
How to tell your industry's story: step one, 3/10, p.5

Medical Equipment:
A portable respirator, 3/17, p.18
An improved medical diagnostic system, 6/30, p.23
Even births are being 'engineered' these days, 4/7, p.13

Medicine:
A new drug release concept, 2/3, p.22
An aspirin for arthritics? 2/24, p.10

Meetings:
Dissident stockholders tackle new issues—and win a few, 4/7, p.9
Out-of-town sessions please White House, 3/24, p.119
Stockholders plan some tough questions, 4/7, p.9

Megow, Larry:
Good slides can mean better speeches, 1/27, p.58

Memory:
A new electronic memory . . . , 6/2, p.23

Merchant Marine:
A bigger merchant fleet for France? 5/19, p.80

Mergers & Acquisitions:
Large European vehicle makers merge, 5/12, p.52
More mergers ahead for truck lines? 3/24, p.28
Rubber and chemical unions move to merge, 3/10, p.9

Metallizing:
Metallizing to rebuild parts? 5/19, p.26

Metals:
A synthetic 'metal' conducts electricity but contains no metal atoms, 6/23, p.22
Contrary to their name, 3/24, p.42
Hot isostatic pressing, 4/14, p.19

Metalworking:
Strong export markets for metalworking tools, 5/26, p.47
U. S. metalworking exports look good, 3/31, p.56

Methane:
Methane from feedlots, 1/6, p.23

Methanol:
Test shows methanol is clean, practical fuel, 5/19, p.28

Metric System:
Industry moves to metrics—without Congress, 2/24, p.40
Metric conversion still inching along, 4/28, p.24
Metric measure moves in House, 6/9, p.51
New tack on metric conversion, 4/21, p.79
Standards Bureau offers metric kit, 3/31, p.55
U. S. steelmen edge into metric measures, 5/19, p.65

Microcomputers:
Laboratory automation, 3/17, p.18
Latest microcomputer technology, 2/17, p.25

Microfiche:
A new microfiche printing system, 1/6, p.22
Microfiche office system predicted, 4/14, p.54

Microfilm:
Microfilming is said to be a little closer to automated retrieval of information, 2/10, p.16
Think very small, 3/10, p.5

Microprocessors:
An advanced microprocessor, 4/21, p.35
Macro markets await micro processors, 6/9, p.48

Microwave Plasmas:
Intense microwave plasmas, 5/26, p.19

Microwaves:
Microwave power can reduce sulfur in coal, 5/19, p.26
Power transmission via microwaves, 5/26, p.20
The difficult late drying stage found in fluidized bed drying, 6/2, p.23
You can improve microwave curing of rubber products, 6/2, p.24

Middle Class:
Middle-class revolt, 3/31, p.3

Middle East:
'Communicate' in the Middle East, 3/24, p.9
The East is no longer least, 2/10, p.7

Mideast, The:
Oil producers plan a big future in steel, 4/21, p.80

Miller, Edward B.:
Miller: NLRB needs structural change, 1/6, p.63

Milwaukee:
Milwaukee to get total refuse recovery unit, 1/20, p.15

Mines, Mining:
Congress sets new strip mine strategy, 1/13, p.19
Interior to push in situ oil shale mining, 2/3, p.51
Jamaica extends control over bauxite mining, 4/28, p.64
Ocean mining gets renewed interest; one firm files claim, 3/10, p.14
Rerun of strip mining bill expected to be veto-proof, 3/31, p.9
Surface mining bill loses in skirmish, but battle not over, 6/16, p.16
Two federal hurdles confront coal firms, 5/12, p.20

Minority Groups:
Commerce promotes minority exporters, 3/17, p.51

Mirrors:
Mirror damage, 1/13, p.22

Mistakes:
Can you manage mistakes? 6/23, p.9
No fumbles may win game but lose title, 1/13, p.9

Mixson, Paul:
End of the road for the British auto industry? 4/28, p.52

Mizell, Wilmer (Sr.):
Mizell for economic development post, 3/3, p.55

Money:
Borrowing money—the right way, 2/24, p.46
Despite federal demand . . . Money markets to ease this year, 3/3, p.47
Happy with performance of your firm's money? 4/28, p.9
How to spot overindebtedness early, 5/5, p.10
Is more money the answer? 2/17, p.59
Money 'buys' a safe plant, 4/28, p.49
Money problems may now be biggest block to Russia trade, 1/27, p.24
More auto suppliers give cash to employees who buy cars, 1/20, p.10
Oil exporters' money reserves growing slower, 6/2, p.52
Petrodollar buildup slows down, 5/5, p.60
Saving less? Join the group! 3/17, p.10
Should government be a source for capital? 1/27, p.62
Will government use up too many loan dollars? 2/24, p.57

Money Market:
Taiwan plans to establish money market, 4/7, p.56

Money-saving Tips:
Air fares reduced for long excursions, 2/3, p.10
Remodeling costs may be lower now, 4/21, p.10
Stretching your spending dollars, 2/3, p.10
Think very small, 3/10, p.5

Monitoring:
An autpmatic fluid sampler, 1/27, p.27

Monitors:
An automatic fluid sampler, 1/27, p.27
Data network users can monitor line losses, 1/20, p.24
One of the latest chlorine monitors, 2/24, p.30
Your copier may double as 'social secretary,' 4/7, p.5

Monomer:
A monomer for photocurable coatings, 1/20, p.18

Morton, Rogers:
Morton: more of the same, 4/14, p.55
Will Morton stay as resources head? 6/30, p.47

Mosquitoes:
A new mosquito 'swatter' called methoprene, 6/30, p.22

Most-Favored-Nation:
Hungary might be next for tariff break, 6/2, p.52
Romainian MFN status in jeopardy, 6/30, p.48
Russia not the only victim of MFN hassle, 2/10, p.58

Motivation:
Some lessons from offshore: Building the will to work, 4/28, p.42

Names:
A new name for the tariff panel, 2/17, p.68
Do your employees merit 'page one'? 4/7, p.5
Industry's game of the name, 4/21, p.50

Narcotics:
A portable narcotics detector, 4/14, p.19

National Assn. of Manufacturers:
Consumer bill—fought by business—may pass this year, 3/24, p.17
Court dismisses common cause suit against NAM, 2/24, p.67
NAM asks for more product safety input, 3/17, p.51
NAM drops support for on-site consultation, 6/30, p.47
NAM, Vanik spar on 'undertaxed' big firms, 1/6, p.56
The fight to save private enterprise . . . Will middle managers enter the ring? 2/24, p.52
Water law revision to await final NCWQ report—in 1976, 4/21, p.18
Who, me? 2/24, p.5

National Commission on Productivity & Work Quality:
Productivity panel still unproductive, 3/24, p.119

National Independent Truckers Unity Committee:
Independent truckers hit hard times; seek to oust Teamsters, 3/31, p.14

National Labor Relations Board:
Miller: NLRB needs structural change, 1/6, p.63

National Machine Tool Builders' Assn.:
NMTBA joins no-hands-in-die fray, 5/26, p.51

National Management Assn.:
The fight to save private enterprise . . . Will middle managers enter the ring? 2/24, p.52
Who, me? 2/24, p.5

National Organization for Women:
Women hard hit by economic troubles, says NOW leader, 3/17, p.19

National Petroleum Council:
Petroleum Council to get broader input, 1/27, p.79

National Pollutant Discharge Elimination System:
Many 'minor' dischargers lack permits, 1/6, p.13

National Railway Labor Conference:
Rail union sets selective strikes to speed bargaining, 1/13, p.14

Nationalization:
Are controls leading us to nationalization? 2/10, p.21
Britain plans only limited nationalization, 6/16, p.80
Make it a big birthday for industry, too, 4/28, p.9
When will we learn? 2/10, p.5

Nationalization Game:
The 'Nationalization Game,' 2/10, opposite page 28

Natural Resources:
Rich resources mean growth in Far East, 2/24, p.28

Natural Resources Defense Council Inc.:
SEC could soon set more disclosure rules, 4/7, p.52

Near East:
Near East market guide expanded, 1/27, p.80

Nested Industries:
Nested industries—One plant's waste is another plant's resource, 1/27, p.40

New England:
Costly imported oil hurting New England's economy, 1/13, p.23

New Products:
New approaches to new products, 2/3, p.24
New twist to increasing plant utilization, 6/16, p.9
Time to take the wraps off that new product? 3/24, p.9
Whatever happened to . . . ? 1/6, p.46

New Zealand:
Jobs galore but no place to call home, 1/6, p.64
U. S.-New Zealand trade balance shifts, 4/14, p.56

Newspapers:
Do you read the union newspaper? 4/7, p.32

Nickel:
A nickel ore extraction process, 2/3, p.22
An improved satin finish, nickel plating method, 2/3, p.22
Nickel-chrome furnace fittings, 5/19, p.26
Recovery of nickel from laterite ores, 6/30, p.22

Noise:
EPA, OSHA clash over industry noise level, 1/27, p.9
More candidates for noise regulation, 6/23, p.55
Noisy circular saw blades, 3/3, p.22
Noisy ducts can be quieted with an acoustic trap material, 5/12, p.24
Psst! Have you heard about . . . ? 4/7, p.5
'Tune' out factory noise, 4/21, p.9
Workplace noise rules appear headed for lengthy dispute, 5/12, p.13

Nominations:
Trade nominee may be in trouble, 2/24, p.68

Nonferrous Metals:
Corrosion in nonferrous metal laminates, 1/13, p.22
Outlook hopeful for nonferrous castings, 4/28, p.58

North Sea:
The North Sea means coal, too, 6/9, p.41
U. K. vague on North Sea oil policies, 5/26, p.52

North Slope:
Most North Slope gas now under contract, 4/21, p.17

Nuclear Energy:
Dangerous radioactive wastes, 1/3, p.22
Government might buy floating nuclear plants, 4/21, p.32
Newest trade group to plug nuclear energy, 6/23, p.55
Nuclear growth seen despite current woes, 2/10, p.16

Nuclear Energy Council:
Newest trade group to plug nuclear energy, 6/23, p.55

Nuclear Fuel:
New storage systems for spent nuclear fuel, 4/28, p.58

Nuclear Power:
Breeder still key to electricity supply, 1/20, p.18
Floating nuclear plants delayed but not sunk, 2/17, p.24
Fossil fuels losing cost edge vs nuclear, 1/27, p.74
Nuclear foes seen widening base, changing tactic, 1/13, p.55
Will nuclear steelmaking become operational? 1/20, p.24

Nuclear Reactors:
Congress gears up to review breeder program, 4/7, p.55
ERDA energy research plan seen paring breeder effort, 6/23, p.15
Foreign reactor sales up; U. S. sales falter, 5/12, p.21
Nuclear growth seen despite current woes, 2/10, p.16

Nuclear Regulatory Commission:
Nuclear growth seen despite current woes, 2/10, p.16

Numerical Control:
From blueprint to machined part, 6/2, p.23
Numerical control systems for machine tools, 6/23, p.21

Nutrition:
Maintaining good nutrition, 2/17, p.10

Nylon:
Need plastic electronic connectors, 6/16, p.35

O

Occupational Safety & Health Administration:
A follow-up for OSHA training, 4/14, p.5
A rule without an exception—almost, 6/23, p.9
Are you missing the boat on OSHA? 4/21, p.59
Check for the obvious, 6/16, p.9
EPA, OSHA clash over industry noise level, 1/27, p.9
NAM drops support for on-site consultation, 6/30, p.47
New OSHA policy aids worker complaints, 5/5, p.9
OSHA lends helping hand to small businesses, 2/3, p.9
OSHA offers Spanish-language safety posters, 2/10, p.7
OSHA revises material handling standards, 4/28, p.9
OSHA ruling spurs union follow-up, 5/26, p.19
OSHA to offer some on-site consultation, 2/10, p.20
Old equipment may gather dust—and citations, 5/12, p.9
Plastic firms win respite after challenging OSHA rule, 1/20, p.14
Time to refresh yourself on OSHA standards? 3/31, p.5
Viewpoint—"OSHA's going to have a birthday on April 28th . . . ," 4/14, p.10

Oceans:
Ocean mining gets renewed interest; one firm files claim, 3/10, p.14
Ocean thermal energy conversion, 6/16, p.35

Office of Technology Assessment:
Public feedback sought in policy development, 6/9, p.14

Offices:
Comparing office space rentals, 1/20, p.56
Home office may not be a tax deduction, 3/31, p.6

Offshore Oil:
Are oil firms hoarding offshore reserves? 1/6, p.63
Atlantic oil drilling still facing delays, 3/24, p.20
Atlantic oil leasing plans behind schedule, 2/10, p.57
Offshore leasing slows: policy changes due, 5/26, p.51
Offshore ports get O.K.; two projects in Gulf set to go, 1/13, p.16
Oil rig demand clearly strong despite some political clouds, 2/3, p.46
Senate study urges delay in offshore leasing, 1/13, p.55

Offshore Power Systems:
Floating nuclear plants delayed but not sunk, 2/17, p.24

Oil: See Petroleum & Petroleum Products

Oil, Chemical & Atomic Workers International Union:
Accord reached in most oil labor pacts, 2/3, p.14
Rubber and chemical unions move to merge, 3/10, p.9

Oil Shale:
A novel oil shale recovery system, 2/17, p.24
Interior to push in situ oil shale mining, 2/3, p.51
Oil shale slowing, but it's still in the race, 2/10, p.38

Operating Boards:
Put your divisions on the firing line, 3/3, p.36

Optical Equipment:
An exceptionally accurate optical pattern generator, 4/14, p.19
Optical processing of images, 4/7, p.12

Orders:
Keep it in writing whenever possible, 6/9, p.9
Shift toward normalcy? Order rate decline seen leveling, 3/10, p.47

Ore:
Iron ore prices rise, more hikes may follow, 1/20, p.51

Organization of Petroleum Exporting Countries:
Can OPEC survive as oil demand falls? 1/20, p.16
OPEC surpluses may be lower than forecast, 2/17, p.12
Producers, users shape oil strategy, 3/17, p.12
Will technology needs split OPEC solidarity? 6/30, p.22

Overseas Private Investment Corp.:
Private insurers join OPIC on political risks, 3/10, p.56

Oxygen:
Iron powder metal parts pressed and sintered, 6/23, p.21

P

Pacemakers:
A 'revolutionary' cardiac pacemaker, 4/14, p.19

Pacific Basin:
Pacific basin needs industry's leadership, 2/10, p.53

Packaging:
A new lamination for bags, pouches, and overwraps, 6/2, p.24
Can you comply with Canadian package rules? 3/17, p.52
Canadians amend packaging rules, 4/28, p.64
Hazardous cargo law focuses on packagers, 1/13, p.19
Packaging to fight inflation? 2/3, p.10

Paint: Also see Coatings
A novel spray painting technique, 5/12, p.24
An oil wash in a new paint booth reduces plant power consumption, 6/2, p.24
An unconventional paint called Polygraf II, 3/17, p.20
If you're painting, check your spray gun, 5/26, p.10
Powder paint is becoming more appealing to finishing people, 3/31, p.18
Surface treating and painting, 2/17, p.25

Pakistan:
Pakistan plans major investment in industry, 4/21, p.80

Paper & Paper Products:
Lowering the paper pile, 1/6, p.63
Put your paper on paper, 4/28, p.10
Scrap paper revival awaits general upturn, 4/28, p.56
Tired of shuffling office paper? 3/17, p.9

Paperwork:
Complex project, tight schedule, zero paperwork, 4/14, p.44

Parking:
Boston parking cutback eased; other plans stay, 2/17, p.22

Particleboard:
Particleboard aims at structural uses, 3/17, p.48

Patent & Trademark Office:
More than patents, 2/10, p.57

Patents:
BOF patent case may go to Supreme Court, 4/21, p.25
More than patents, 2/10, p.57
Patent agency posts another 70,000 year, 3/17, p.51

Payoffs:
Workers in Germany getting paid to quit, 1/6, p.64

Peak Load Pricing:
Peak load pricing of electricity is here, 4/28, p.11

Penalties:
Stored earnings can incur stiff penalty, 3/31, p.5

Pensions:
Beall wants pension safeguards, 5/5, p.59
Hutchinson gets Labor Dept. pension post, 5/12, p.51
Pensions grow more liberal but costs rise, study shows, 3/31, p.11
Put private pension funds into housing, 6/2, p.51
Relief from the 'heat,' 6/2, p.9
The new law and your pension, 3/3, p.24

Performance Evaluation:
Happy with performance of your firm's money? 4/28, p.9

Permits:
Many 'minor' dischargers lack permits, 1/6, p.13

Perry, Lowell W.:
Perry will take over EEOC, 6/2, p.51

Personality:
Should a worker's personality affect your managing? 5/5, p.28

Personnel:
More power to personnel? 5/19, p.53
Time to streamline personnel files, 5/26, p.9

Pesticides:
A new mosquito 'swatter' called methoprene, 6/30, p.22
Soviet technology, 2/24, p.30

Petrochemicals:
Blackening demand should halt petrochemical price rises, 3/10, p.53

Petrodollars:
Oil exporters' money reserves growing slower, 6/2, p.52
Petrodollar buildup slows down, 5/5, p.60
Will the petrodollar scare kill foreign investment here? 6/2, p.32

Petroleum & Petroleum Products:
A novel oil shale recovery system, 2/17, p.24
A rush of exports brings changes in export financing, 2/17, p.61
Accord reached in most oil labor pacts, 2/3, p.14
Administration may move on oil quotas, too, 2/24, p.67
An oil wash in a new paint booth reduces plant power consumption, 6/2, p.24
Are oil firms hoarding offshore reserves? 1/6, p.63
Atlantic oil drilling still facing delays, 3/24, p.20
Atlantic oil leasing plans behind schedule, 2/10, p.57
Attention historians, geographers, oilmen . . . , 6/16, p.10
Blood from a turnip, 3/10, p.22
Can OPEC survive as oil demand falls? 1/20, p.16
China viewed as major oil producer by 1980, 6/9, p.52
Costly imported oil hurting New England's economy, 1/13, p.23
Democrats slap Ford oil plan; try to shape counterproposal, 2/17, p.13
Depressed oil tanker market brings woes to shipbuilders, 2/17, p.15
Energy debate spurs congressional regionalism, 3/3, p.55
Energy independence doubtful, says study, 2/24, p.20
Experts near accord on oil, gas resources, 5/19, p.64
FEA switches to monthly oil reporting, 3/31, p.55
Foreign energy influence seen rising, 4/7, p.56
Gas-burning utilities converting to oil, 2/10, p.17
Gulf outlines its plans for oil firms of the future, 1/13, p.52
High prices boost oil inventories; glut ahead, 3/24, p.108
Hot oil, cold nights at Prudhoe Bay, 1/20, p.25
Indonesia seeks cash despite oil income, 5/12, p.52
Industry fuel prices to trail gasoline hikes, 1/27, p.16
Interior to push in situ oil shale mining, 2/3, p.51
Loaded for bear, 6/16, p.5
New taxes, reports—Industry's fuel use target of energy bills, 6/30, p.11
Offshore leasing slows: policy changes due, 5/26, p.51
Offshore ports get O.K.; two projects in Gulf set to go, 1/13, p.16
Oil can't finance all USSR import needs, 5/26, p.52
Oil's capital spending rises in world, U. S., 3/3, p.49
Oil's cost means growing trade deficits in 1975, 1/6, p.19
Oil depletion deleted, but . . . Business tax cuts will pass, 3/10, p.7
Oil exporters' money reserves growing slower, 6/2, p.52
'Oil facility' loans expected to flow soon, 5/12, p.52
Oil, gas reserves continue decline, 4/7, p.49
Oil import agency gains in Congress, 4/28, p.63
Oil industry ends feud over depletion repeal, 1/27, p.79
Oil producers favor short-term investments, 1/27, p.80
Oil producers plan a big future in steel, 4/21, p.80
Oil product prices due to climb again, 6/9, p.51
Oil profits begin downturn; 40% first-quarter drop seen, 5/5, p.56
Oil-rich Venezuela to build first tanker, 3/24, p.120
Oil rig demand clearly strong despite some political clouds, 2/3, p.46
Oil shale slowing, but it's still in the race, 2/10, p.38
Oil tax changes seen cutting spending, spurring decontrol, 4/7, p.49

OPEC surpluses may be lower than forecast, 2/17, p.12
Pacific basin needs industry's leadership, 2/10, p.53
Petrodollar buildup slows down, 5/5, p.60
Petroleum Council to get broader input, 1/27, p.79
Plastics made without oil? Researchers say it's possible, 5/5, p.22
Producers, users shape oil strategy, 3/17, p.12
Recovering oil from tar sands, 4/7, p.13
Residual fuel oils are difficult to use as fuels, 4/28, p.25
Senate study urges delay in offshore leasing, 1/13, p.55
Showdown nears on oil price decontrol, 5/12, p.18
State protests scuttle Atlantic oil leasing for this year, 2/24, p.17
Supply squeeze faces seamless tube users, 2/10, p.49
U. K. vague on North Sea oil policies, 5/26, p.52
U. S. now more dependent on Arab oil, 2/17, p.14
Vetoed cargo bill may be back, 1/13, p.55
Viewpoint—"From the point of view of an observer on the moon . . . ," 3/17, p.18
Who's on first? 6/16, p.80
Will technology needs split OPEC solidarity? 6/30, p.22

Phosphates:
Eastern Idaho awaits a phosphate boom, 3/24, p.33
Phosphate bans: dead in the water, 6/2, p.10

Phosphorous:
An environmentally safe substitute for phosphorous substances, 4/21, p.26

Photitus:
Optical processing of images, 4/7, p.12

Photography:
A picture of pure electricity in droplet form, 6/9, p.17
Good slides can mean better speeches, 1/27, p.58

Picketing:
Picketing bill seen as test of labor's strength, 6/2, p.19

Pickle Liquor:
A 'pickle-pill' makes it easy to measure pickling acid, 5/19, p.27

Pipes, Pipelines:
A clever repair method to repair buried pipes and sewers, 4/14, p.19
A flame-spraying technique for making pipes, 5/12, p.23
A pricetag for Arctic gas pipeline, 1/20, p.55
Automatic flame profiling of pipe ends, 1/6, p.22
Best natural gas investment: pipeline firms, 1/6, p.10
FPC opens hearing on rival Alaska gas pipeline plans, 5/5, p.24
Hot oil, cold nights at Prudhoe Bay, 1/20, p.25
Plastic pipe markets to remain flat in '75, 2/17, p.66

Planning Agency:
Planning agency lacks support, 6/2, p.51

Plant Closings:
Controls on plant closings? Not yet, 4/21, p.79
Slump hasn't altered normal summer plant closings much, 6/2, p.21

Plant Maintenance & Engineering Show:
Old image dying . . . Maintenance has added cost, purchasing role, 5/12, p.11

Plant Sites:
Artificial islands: new coastal plant sites? 5/26, p.21
Planning a new plant? Don't forget the 'people factor,' 4/21, p.62
Rating the states on cooperativeness, 6/23, p.21

Plant Tours:
Take your staff to the 'line'—for one day, 6/9, p.9

Plant Utilization:
New twist to increasing plant utilization, 6/16, p.9

Plants:
A new aerosol spray, 4/14, p.22
Can plants control insect mating? 1/20, p.18
Plants are the road to solar energy, 5/5, p.19
Potting your office greenery, 6/30, p.10

Plastics:
A method of 'plastifying' thermoplastics, 3/3, p.20
A reinforced plastic, 2/3, p.22
An imitation cork, a plastic filled with gas bubbles, 3/3, p.22
An unusual, nonfogging plastic, 5/12, p.23
Five times stronger than steel, 5/26, p.20
Glass-faced plastic, 6/23, p.22
Need plastic electronic connectors, 6/16, p.35
Plastic firms win respite after challenging OSHA rule, 1/20, p.14
Plastic pipe markets to remain flat in '75, 2/17, p.66
Plastics made without oil? Researchers say it's possible, 5/5, p.22
Reinforced plastics to grow through 1980, 3/10, p.52
Vinyl chloride battle heads for high court, 3/3, p.10

Plating:
Acid zinc platers, 2/10, p.17
An improved satin finish, nickel plating method, 2/3, p.22
An inexpensive way to plate aluminum, 2/3, p.23

Plutonium:
Radioactive plutonium, 5/5, p.18

Plywood:
A new type of plywood, 2/17, p.24

Politics:
Franking for voters, 4/7, p.3
Hard-pressed canners urged to politic more, 2/3, p.17
With committee setup . . . Firms revive political fund raising, 6/16, p.15
You can be your own lobbyist, 3/17, p.9

Pollution:
A novel rice straw baler cuts air pollution, 3/24, p.42
A 'year of reconciliation' in environmental programs? 1/6, p.13
Air pollution from coke ovens, 6/23, p.22
Battle over auto emissions gets rolling in Washington, 1/27, p.21
Boston parking cutback eased; other plans stay, 2/17, p.22
Clean Air Act amendments are bogged down in Congress, 6/9, p.13
Clean Air deadlines approach; many firms won't meet them, 5/12, p.12
Clean air rules gang up on industrial expansion, 3/24, p.15
Clean air ruling may spur variances, 4/28, p.18
Cleanup spending will boost GNP 1.6%, 2/17, p.67
EPA can provide pollution loan help, 2/3, p.9
Financial problems cramping antipollution equipment firms, 4/7, p.11
Flexibility sought on powerplant emissions, 4/28, p.19
For pollution, expansion . . . Steelmen need $49 billion by 1983, 5/19, p.15
Government report fuels debate on fluorocarbons, 6/23, p.14
High court gets Reserve case again, 3/10, p.14
Industries press lawmakers to 'balance' clean air law, 3/31, p.9
Industry buys environmental revisions, but will Congress? 1/27, p.18
Industry trimmed '74 pollution spending, 6/2, p.50
Japan steel firms hike environmental outlay, 6/9, p.52
Japan's steelmakers up environmental outlay, 3/10, p.56
Little industry input on water law deadlines, 6/16, p.79
Many 'minor' dischargers lack permits, 1/6, p.13
No 'deal' in auto standard stretchout, 1/27, p.79
One of the latest chlorine monitors, 2/24, p.30
Polluters ineligible for federal contracts, 5/5, p.59
Pollution costs top price hikes in Illinois, 3/17, p.54
Precisely how air pollution spreads, 2/24, p.30
Recovery of nickel from laterite ores, 6/30, p.22
Reserve Mining gains time to halt pollution, 3/24, p.16
Scientists uncover more pollution hazards, 4/14, p.16
Tighter pollution rules face L. A. industry, 5/26, p.22
U. S. Steel wins one battle at Clairton, 3/24, p.17
Water cleanup market: $10.3 billion by 1985, 3/17, p.50
Water law revision to await final NCWQ report—in 1976, 4/21, p.18
Zinc oxide particles, 5/5, p.19

Polymers:
A superconductive polymer, 4/14, p.22
One of the latest nitrile rubbers, 2/10, p.17

Polyurethane Manufacturers Assn.:
Plastic firms win respite after challenging OSHA rule, 1/20, p.14

Portfolios:
Nondiversified portfolios risky, 2/3, p.10

Ports:
Deepwater port rules proposed, 5/19, p.79

Postal Service:
Airmail stamps on the way out, 5/26, p.10
'But I mailed that letter two weeks ago,' 5/26, p.9
Computerized mailing lists may lack 'zip,' 1/6, p.9
Double return addresses avoid postage delays, 1/13, p.9
Franking for voters, 4/7, p.3
Have a stamp that won't stick? 4/7, p.6
Mail costs can be cut despite postage climb, 1/27, p.27
New international mailer service available, 1/20, p.5

Posters:
OSHA offers Spanish-language safety posters, 2/10, p.7

Posts:
Fence posts made of concrete, 2/17, p.25

Powder:
Powder insulations are beginning to replace wrapped paper and wet enamels for magnet wire, 1/13, p.22
Powder paint is becoming more appealing to finishing people, 3/31, p.18

Power:
Dry cooling systems offer much promise for electric powerplants, 6/9, p.18
FPC sees 'adequate' power for summer, 6/23, p.13
Fifty watts of power, 1/13, p.22
Floating nuclear plants delayed but not sunk, 2/17, p.24
Fusion power by '90s is research goal, 5/26, p.20
Government might buy floating nuclear plants, 4/21, p.32
Increased power at higher current levels, 5/5, p.18
Microwave power can reduce sulfur in coal, 5/19, p.26
Ocean thermal energy conversion, 6/16, p.35
Power supply sales projected to double, 5/19, p.74
Power transmission via microwaves, 5/26, p.20
Solar cells covering a 5 sq m area, 3/31, p.19

Prawns:
Prawns may soon be raised on sea 'farms,' 4/21, p.26

Presentations:
Good slides can mean better speeches, 1/27, p.58
Meeting the analysts, 6/9, p.38

Press Conferences:
Planning a press conference? 1/27, p.9

Presses:
NMTBA joins no-hands-in-die fray, 5/26, p.51
No-hands-in-die rule to get another hearing, 5/12, p.14

Pressure:
Hot isostatic pressing, 4/14, p.19

Prevention:
Best insurance policy available: prevention, 4/14, p.5

Prices, Pricing:
Amtrak offers price cuts on West Coast runs, 2/24, p.10
Are houses priced too high to afford? 5/12, p.10
Beef prices will stay low, 5/12, p.10
Can OPEC survive as oil demand falls? 1/20, p.16
Canners cut prices to move inventory, 5/5, p.54
Carbon fiber material costs coming down, 5/26, p.50
Cheaper food? Del Monte exec says no, 5/19, p.10
Cheese! Prices dropping, 3/10, p.6
Costly imported oil hurting New England's economy, 1/13, p.23
Ford backs fair trade repeal, 2/17, p.67
Foreign steel prices drop to U. S. levels, 2/24, p.24
High prices boost oil inventories; glut ahead, 3/24, p.108
Higher steel prices seen once order levels recover, 5/5, p.53
Higher tire prices may be in the offing, 4/21, p.10
Industry fuel prices to trail gasoline hikes, 1/27, p.16
Iron ore prices rise, more hikes may follow, 1/20, p.51
Is there a windfall in high food prices? 2/3, p.28
Northern firms hit by Canadian gas price hike, 5/26, p.51
Oil's cost means growing trade deficits in 1975, 1/6, p.19
Oil product prices due to climb again, 6/9, p.51
Peak load pricing of electricity is here, 4/28, p.11
Pollution costs top price hikes in Illinois, 3/17, p.54
Price policies brought gas pinch, says report, 2/10, p.14
Prices of baked goods fall, 4/7, p.6
Prices stable, but TV warranties shrinking, 2/17, p.10
Rising food prices hit industry's pocket too, 3/10, p.39
Showdown nears on oil price decontrol, 5/12, p.18

Blackening demand should halt petrochemical price rises, 3/10, p.53
Stainless steel hurt by prices, imports, 6/16, p.73
U. S., Japan heading for auto price war? 1/6, p.64
Would futures trading stabilize coal prices? 6/23, p.54

Printing:
A new microfiche printing system, 1/6, p.22
One of the latest high-speed printers, 4/28, p.25

Privacy:
Viewpoint — "For some years there has been an undercurrent in American thinking about corporations . . .," 2/17, p.63
Will the privacy issue hit industry? 5/5, p.41

Private Enterprise:
The fight to save private enterprise . . . Will middle managers enter the ring? 2/24, p.52
Who, me? 2/24, p.5

Product Safety: See Safety

Productivity:
Biomechanics boosts worker productivity, 2/3, p.34
Can your company read? 4/28, p.9
Is it time, yet? 5/5, p.5
Productivity jumps if workers set own goals, 6/2, p.52
Productivity panel's 'charter' and funding up for renewal, 5/19, p.31
Productivity panel still unproductive, 3/24, p.119
Productivity: try taking it from the top, 5/19, p.60
Starving our 'mule,' 1/20, p.3
The fall of Kulumar, 6/30, p.5
Viewpoint—"Our productivity crisis today is not entirely the fault of organized labor . . ." 5/26, p.17

Profits:
Financial Analysis of Industry 1974-75—A better performance, but no encore, 3/24, p.S-1
Industrial democracy in Europe lifts profits, 3/17, p.52
1974 profit figures hide signs of a long-term slide, 3/24, p.103
Oil profits begin downturn; 40% first-quarter drop seen, 5/5, p.56
Stored earnings can incur stiff penalty, 3/31, p.5

Promotion Services:
Export promotion funds may be back, 5/19, p.79

Promotions:
You trained 'Joe,' then promoted him; was it legal? 3/10, p.5

Propane Gas:
Propane supplies could rise if FEA allows more imports, 5/26, p.12

Proxmire, William (Sen.):
Proxmire proposes housing plan, 3/3, p.55

Public Relations:
Cutbacks skip public relations spending, but Detroit is hit, 1/20, p.48
Grading period, 3/10, p.3
How to tell your industry's story: step one, 3/10, p.5
When a PR tour makes sense, 3/24, p.79

Publications:

Keyboard-printer terminals, 3/10, p.15

Testing: See Inspection & Testing

Textile Workers Union of America:
Textile Workers sign pattern agreement, 4/21, p.22

Textiles:
First China trade mission to U. S. explores textile deals, 3/3, p.19
New textile health standard due, 6/2, p.9
Some moves to limit textile imports, 5/19, p.80

Theft:
Viewpoint—"Almost always, the employee who steals . . . ." 6/9, p.15

Thermometers:
An inexpensive digital thermometer, 6/9, p.17

Thermoplastics:
A method of 'plastifying' thermoplastics, 3/3, p.20

Throats:
Watch those sore throats, 3/24, p.10

Throwaways:
Will legislation ban throwaway containers? 5/12, p.38

Tichauer, Erwin (Dr.):
Biomechanics boosts worker productivity, 2/3, p.34

Timber:
Timber interests attack Forest Service, 1/27, p.79

Timers:
A timer-counter gives equipment manufacturers uncommon flexibility, 4/21, p.35

Tinplate:
Tinplate demand hurt by user inventories, 5/12, p.48

Tires:
Higher tire prices may be in the offing, 4/21, p.10
Low tire pressure can hurt gas mileage, 3/3, p.6
Old tires can be recycled, 6/23, p.22
Retreads rebound in replacement markets, 3/3, p.53
Scrap auto tires are being "fed to the fish," 3/31, p.18
Snow tires: for winter use only, 4/14, p.6

Titles:
What's in a title? 6/9, p.9

Tolerances:
Tolerances are assigned to the various parts of an assembly, 1/13, p.20

Tools, Tooling:
Biomechanics boosts worker productivity, 2/3, p.34
Cost-conscious firms flood SME Tool Show, 4/14, p.16
Foreign toolbuilders get U. S. competition, 6/9, p.12
Increased power at higher current levels, 5/5, p.18
Machine tool builder guarantees tax credit, 3/3, p.5
Machine tool statistics still inching upward, 6/30, p.45
Machine tools mark gains in January, 2/24, p.59
March slump drops used tool index, 5/5, p.57
Orders increasing for machine tools, 5/26, p.47
Strong export markets for metal-working tools, 5/26, p.47
Tool life decreases when you increase the number of teeth in a milling cutter, 2/17, p.24
Tools had fine '74, but demand is falling, 1/27, p.67
Used machinery gains; new tool orders fall, 3/31, p.50
Used tools post small gain; trail year ago, 3/3, p.54
Used tools recover after March drop, 6/2, p.48

Tours:
CAB favors extending air tour rule, 2/10, p.8
Reserve a 'VIP' White House tour, 1/13, p.10
When a PR tour makes sense, 3/24, p.79

Towboats:
River cargo traffic to grow, so bigger towboats are coming, 6/9, p.47

Toxicant:
Strict laws for toxic products appear likely, 3/17, p.17

Toys:
Dealers' low inventories may spark higher 1975 toy sales, 2/3, p.50
Tired of toying over toys? 6/9, p.10

Trade:
A new name for the tariff panel, 2/17, p.68
Another trade deficit looms for '75, 2/3, p.52
Australia plans to sell more in U. S. markets, 6/16, p.32
Budget doesn't follow Dent's export wishes, 3/3, p.56
Business aims to alter Russia's trade deals, 3/3, p.7
Canada hopeful of common market trade link, 1/13, p.56
Canada set to sell capital goods to Russia, 6/23, p.56
China and EC to begin trade talks, 4/14, p.56
Commerce cites $10 billion Brazilian market, 1/20, p.56
Commerce seeks input for trade negotiations, 2/3, p.52
Congress plots new role in foreign trade policy, 1/6, p.21

Cuba: our next Communist trade partner? 3/24, p.89
Dent needs help for trade talks, 3/10, p.55
Detente is not dead, 1/20, p.56
Devaluation boosts exporting, firms say, 3/31, p.18
Europe's trade barriers being lowered, 1/13, p.56
EC and China will write trade pact, 6/2, p.52
EC-Israeli trade pact awaits other treaties, 3/3, p.56
Export Councils: more than trade promoters, 1/27, p.28
Farm exports again aid trade account, 3/10, p.56
First China trade mission to U. S. explores textile deals, 3/3, p.19
Go to top for Socialist trade action, 2/10, p.58
Indochina troubles hurt China trade, 6/9, p.11
Is antitrust sinking U. S. trade effort? 5/26, p.23
Italy removes trade barrier, 4/14, p.56
Japanese expect decline in trade, 6/30, p.44
Manufacturers to sell more to China in '75, 2/10, p.13
Money problems may now be biggest block to Russia trade, 1/27, p.24
Oil's cost means growing trade deficits in 1975, 1/6, p.19
Preference lists may spark controversy, 4/7, p.55
Revised trade panel may tackle some new projects, 6/30, p.17
Romania tariff request isn't policy test, 5/26, p.18
Russia trade: fewer big deals, more cash, 3/10, p.56
Search for Dent deputies is on, 3/24, p.119
Small firms can succeed in East European trade, 3/10, p.43
Some items not part of GATT talks, 2/3, p.51
Trade committee takes to the field, 6/16, p.79
Trade negotiator Dent stresses free trade, 4/21, p.31
Trade nominee may be in trouble, 2/24, p.68
Trade policy at turning point, former chief negotiator feels, 2/3, p.18
Trade talks will be disappointing, says Hartke, 6/9, p.52
Trade with Communists not meeting promise? 2/24, p.68
Treasury to tackle subsidy arguments, 1/27, p.80
USSR will not neglect Communist ties, 2/3, p.52
U. S. could be hurt by British pullout, 5/19, p.80
U. S.-India economic relations are snagged, 3/10, p.56
U. S.-New Zealand trade balance shifts, 4/14, p.56
U. S.-Soviet trade begins to falter, 5/19, p.20
U. S.-USSR council optimistic on trade, 2/3, p.20
Where are trade talks headed? 6/16, p.36

Trade Associations:
Help! Hard times strengthen trade groups, 2/10, p.9
Trade group hikes membership with new service, 5/19, p.9

Trade Fairs:
Saudi Arabian trade fair scheduled for March, 1/20, p.56
U. S. will participate in Leipzig Fair, 6/2, p.52

Trade Shows:
Cost-conscious firms flood SME Tool Show, 4/14, p.16
Cost-cutting ideas eyed at design show, 4/28, p.18
Costs hold spotlight at material handling show, 6/9, p.16
Getting the most out of your trade show dollars, 2/10, opposite page 37
Old image dying . . . Maintenance has added cost, purchasing roles, 5/12, p.11
Security improvements needed at trade shows, 1/13, p.16

Trademarks:
Now there are 1 million, 1/13, p.55

Training:
Company shifts its management training to a campus, 1/27, p.54
Improving laid-off workers' skills, 5/19, p.17
Women in management: Less complaining, more training, 2/17, p.56

Transfers:
Cut reluctance to move with mortgage 'carrot,' 3/17, p.9
Tax ruling benefits transferees, 3/17, p.10
Transfers overcome recession blahs, 2/10, p.7

Transmitting:
Messages, diagrams, signatures, and figures can be transmitted, 3/10, p.22

Transportation:
ARCO tapped a flood of mass transit ideas, 3/24, p.43
How do we improve public transit? 5/26, p.10

More mergers ahead for truck lines? 3/24, p.28
River cargo traffic to grow as bigger towboats are coming, 6/9, p.47

Travel:
Reserve a 'VIP' White House tour, 1/13, p.10
Unlimited one-cost 15-day bus travel, 3/31, p.6

Treasury Dept.:
Treasury to tackle subsidy arguments, 1/27, p.80

Trees:
Transforming single cells into Douglas firs, 1/27, p.26

Troughs:
Relining iron troughs for blast furnaces, 2/10, p.16

Trucks & Buses:
Aluminum truck cabs: will autos be next? 2/17, p.73
Bus, rail fares go up, 6/30, p.10
Car and truck output moving upward, 4/21, p.70
Car and truck output, sales fall again, 1/27, p.63
Computer plan can cut truck fleet costs, 3/3, p.52
Electric trucks gain in delivery uses, 2/24, p.26
Highway truck 'spoilers' save fuel—sometimes, 5/26, p.57
Independent truckers hit hard times; seek to oust Teamsters, 3/31, p.14
Is it time to plug into electric trucks? 2/17, p.9
More mergers ahead for truck lines? 3/24, p.28
Three million cars and trucks built, 5/26, p.55
Total vehicle output rises slightly, 6/23, p.46
Truck builders optimistic about May, 5/12, p.47
Truck output slated to rise in April, 4/7, p.50
Truck sales slowed by tougher brake rules, 4/14, p.57
Truck sales to come back—slowly, 5/19, p.85
Truck strike is off, unless fuel costs soar, 1/27, p.67
Truck strike threat cooled by weight hikes, 1/13, p.15
Unlimited one-cost 15-day bus travel, 3/31, p.6

Tubes, Tubing:
Composite superheater tubes, 2/10, p.16
New casting method improves tubemaking, 6/23, p.16
Seamless tubes, 2/24, p.28
Supply squeeze faces seamless tube users, 2/10, p.49
Tubemakers seek ideas with awards, 4/21, p.28

Tungsten:
Solar energy specialists, 3/3, p.20

Turbines:
A bearingless turbine flowmeter, 3/31, p.18
Blast furnace gas runs a gas expansion turbine, 1/20, p.18
High-performance marine gas turbines, 6/9, p.17

Typewriters:
A new automatic typewriter, 3/31, p.19
A voice-controlled typewriter system, 1/13, p.20

United Mine Workers of America:
Solution to wildcat coal strikes proposed, 6/23, p.19
Western coal mines draw UMWA interest, 3/10, p.9

United Nations:
Foreign assets threatened by U. N. move? 5/26, p.52

United Rubber Workers:
Rubber and chemical unions move to merge, 3/10, p.9

United States:
Survey shows U. S. workers not so bad, 1/6, p.64

U. S. Employment Service:
U. S. job agency is labeled 'Ineffective,' 6/16, p.24

U. S. International Trade Commission:
A new name for the tariff panel, 2/17, p.68
Revised trade panel may tackle some new projects, 6/30, p.17

U. S. Railway Assn.:
Abandonment protested . . . Many small firms say rail lines are vital, 3/31, p.7
Northeast rail solution unclear as decision time draws near, 6/9, p.23
Profitable railroads hold key to bankrupts' reorganization, 3/3, p.8
Will rail problems be 'transferred' out? 6/30, p.12

United Steelworkers of America:
Battle for Abel's job gets early start, 4/28, p.13
Dues protesters seek USWA convention, 3/17, p.16
Steelworkers irate over dues increases, 2/10, p.11
USWA equals 1973's organizing record, 3/17, p.17

Universities:
Company shifts its management training to a campus, 1/27, p.54

Uranium:
A laser technique can be used to separate the two isotopes of uranium, 2/17, p.24
ERDA weighs federal uranium enrichment role, 2/24, p.67
New life for private uranium enrichment, 6/2, p.23
Uranium enrichment gets welcome boosts, 6/30, p.16

Urethane:
Two urethane adhesive compositions, 1/6, p.23

Usery, W. J.
Usery will stay in government, 5/5, p.59

Utilities:
Chicago utility drops coal gasification plans, 3/17, p.20
Electric bills upset managers, but utilities' plight understood, 6/2, p.12
Faces stiff opposition—Utility execs cheer aid proposal, 6/23, p.11
Flexibility sought on powerplant emissions, 4/28, p.19
Gas-burning utilities converting to oil, 2/10, p.17
Some utilities have better ideas, 3/31, p.23
U. S. electric bills among fastest-growing, 3/31, p.50
Utilities would get bigger tax credit break, 2/3, p.51
Utility investors: don't panic, 1/20, p.6
Viewpoint—"During the last ten years, electric utilities spent approximately $75 billion . . . ," 2/10, p.14

V

Vacations:
Making your flying vacation easier, 6/2, p.10
Vacation dreams bigger than your budget? . . . Maybe not, 6/30, p.24
What can you split, carry, cash in, or bank? A vacation, 6/30, p.18

Value Analysis:
Fewer choices, or better choices? 3/17, p.40

Vandalism:
How do you treat plant vandalism? 6/30, p.9

Vanik, Charles (Rep.):
NAM, Vanik spar on 'undertaxed' big firms, 1/6, p.56

Vegetables:
A 'growing' machine for vegetables, 6/30, p.22

Vehicles:
Large European vehicle makers merge, 5/12, p.52

Venezuela:
Oil-rich Venezuela to build first tanker, 3/24, p.120

Ventilators:
Ventilating systems can cause lung disorder, 5/12, p.10

Venture Capital:
Not enough money for better mousetraps, 4/21, p.36

Vibration:
Bearing failures can be predicted via a novel vibration analysis, 3/31, p.19

Video Systems:
A flat screen video system, 3/3, p.20

Video Tape:
Complex project, tight schedule, zero paperwork, 4/14, p.44

EPA tests drinking water in 80 cities, 1/27, p.10
Fifty watts of power, 1/13, p.22
Homogenizing gas and water, 3/24, p.41
Little industry input on water law deadlines, 6/16, p.79
Water cleanup market: $10.3 billion by 1985, 3/17, p.50
Water law revision to await final NCWQ report—in 1976, 4/21, p.18
Water plus ultraviolet light equals hydrogen, 5/19, p.27

Waves:
Fifty watts of power, 1/13, p.22

Wear:
You can reduce wear in a water pump, 5/19, p.26

Weather:
"Recent advances in such fields as weather modification . . . ," 4/28, p.16
Winter brings spring deductions, 2/10, p.8

Weidenbaum, Murray A.:
More competition, less regulation for defense contractors, 1/13, p.44

Weight:
Overweight? Who's to blame? 3/10, p.6
To weigh axle loads more accurately, 4/28, p.24
Truck strike threat cooled by weight hikes, 1/13, p.15
Weight reductions needed for tomorrow's autos, 3/24, p.41

Welding:
A welding 'long john' has a reach of 52 ft, 5/12, p.24
An arc welding industrial robot, 1/20, p.24
Automatic flame profiling of pipe ends, 1/6, p.22
Heat and pressure to produce solid state joints, 5/19, p.27
Laser welding of the plate connectors, 4/21, p.35
The Russians have successfully used the sun to weld metals, 2/10, p.16

Whale Oil:
The whale oil case, 1/6, p.5

White House:
Ford picks management team for the White House, 1/27, p.52
Out-of-town sessions please White House, 3/24, p.119
Reserve a 'VIP' White House tour, 1/13, p.10

Whitecollar Workers:
Ante up more to keep whitecollars 'white,' 4/21, p.9
Pay day dilemma '75: Getting bigger slices from a smaller pie, 2/17, p.26
The picture in Europe: Growing whitecollar unions, 2/17, p.31

Wholesale Price Index:
Seasonally maladjusted — How Washington's business data fall short, 5/26, p.40

Wind Tunnels:
Increasing costs of wind tunnel tests, 5/5, p.18

Window Shades:
How to 'shade' your heating costs, 3/31, p.6

Windows:
Improved thermally insulating windows, 3/17, p.20
New ceramic windows for airplanes, 1/27, p.26

Wine:
Wine shelf life extended, 2/24, p.10

Wire:
Powder insulations are beginning to replace wrapped paper and wet enamels for magnet wire, 1/13, p.22
Soviet technology, 2/24, p.30

Withholding Rates:
Time to review withholding rates, 5/12, p.9

Women in Business:
Bluecollar women get organized, 4/14, p.23
European industry discovers Women's Lib, 2/24, p.49
Marketing to the 'new woman,' 4/21, p.40
More women elected to boards of directors, 5/19, p.19
One more myth laid to rest, 4/14, p.5
Unemployment stress? Women lead the men, 6/30, p.10
Women hard hit by economic troubles, says NOW leader, 3/17, p.19
Women in management: Less complaining, more training, 2/17, p.56

Women's Lib:
European industry discovers Women's Lib, 2/24, p.49

Women's Rights:
Are you clear on the rights of women workers? 5/12, p.9

Wood:
A wood treatment, 2/3, p.23
Particleboard aims at structural uses, 3/17, p.48

Wool:
Variegated wool coloring, 5/19, p.27

Work:
One more myth laid to rest, 4/14, p.5

Work Centers:
Viewpoint—"By establishing small work centers . . . ," 5/26, p.22

Workers:
Survey shows U. S. workers not so bad, 1/6, p.64

Workweek:
Short weeks, pay cuts aim at avoiding layoffs, 2/24, p.15
Whatever happened to . . . ? 1/6, p.46

World Economy:
Hanover Fair diminished by world economy, 3/3, p.56
Keep international actions coordinated, 2/17, p.68
Who's on first? 6/16, p.80
World economic recovery is underway, 6/30, p.48
Worldwide inflation rates easing, 5/26, p.52

World Future Society:
Listen to the future, 6/30, p.33

World Trade:
Congressmen are not 'good' negotiators, 3/10, p.55
Disappointment with Dent, 4/7, p.55
Fertilizer shortage could disrupt world trade, 3/10, p.34
Looking beyond trade reform, 6/9, p.51
Where are trade talks headed? 6/16, p.36
World trade volume grew slowly last year, 3/31, p.56

Writing:
Did school ruin you as a letter writer? 2/17, p.9
End your letters with imagination, 4/28, p.10
Keep it in writing whenever possible, 6/9, p.9

X

X-rays:
A compact X-ray unit, 4/28, p.25
A computerized X-ray scanner, 4/28, p.24
Air travelers: hand check or X-ray? 3/24, p.10
Laser-generated X-rays, 3/10, p.22

Y

Youth:
Japan's youth more mobile than their parents, 2/17, p.68
Summer jobs and taxes, 6/23, p.10
Summer jobs not all sunshine, 4/7, p.5
Youth discount fares for flying denied, 5/19, p.10

Z

Ziegler, Philip B.:
A turnaround—but not quite by the books, 3/31, p.38

Zinc:
Acid zinc platers, 2/10, p.17

Zinc Oxide:
Zinc oxide particles, 5/5, p.19

ZIPmatch:
Computerized mailing lists may lack 'zip,' 1/6, p.9

COMPANY INDEX

A

Alaskan Arctic Gas Pipeline Co.:
A pricetag for Arctic gas pipeline, 1/20, p.55
FPC opens hearings on rival Alaska gas pipeline plans, 5/5, p.24

American Can Co.:
Milwaukee to get total refuse recovery unit, 1/20, p.15

American Motors Corp.:
AMC bets on another small car, 1/20, p.57

American Telephone & Telegraph Co.:
AT&T antitrust suit threatens Bell Labs, 1/13, p.20

Armco Steel Corp.:
Complex project, tight schedule, zero paperwork, 4/14, p.44

Atlantic Richfield Co.:
ARCO tapped a flood of mass transit ideas, 3/24, p.48

B

Bechtel Corp.:
New life for private uranium enrichment, 6/2, p.23

Bell Laboratories:
AT&T antitrust suit threatens Bell Labs. 1/13, p.20

Brand Insulation Inc.:
Firm fights bankruptcy rumors, 3/3, p.23

C

Chevrolet Motors Div., General Motors Corp.:
Chevy's Monza adds a coupe, 5/5, p.65

Coalcon Co.
Major coal conversion projects underway, 2/24, p.21

Consolidated Rail Corp.:
Abandonment protested . . . Many small firms say rail lines are vital, 3/31, p.7

Consolidation Coal Co.:
Grand jury investigation called 'exception,' 5/5, p.59

E

Eaton Corp.:
'We can get it for you retail,' 3/3, p.32

Edison Electric Institute:
Moderate growth likely to 2000, says study, 6/16, p.30

El Paso Co.:
FPC opens hearings on rival Alaska gas pipeline plans, 5/5, p.24

F

FMC Corp., Pump Div.:
Sharing expertise solves supply problems, 3/24, p.96

Ford Motor Co.:
An alternative to the station wagon? 2/3, p.57

Foster Wheeler Energy Corp.:
Major coal conversion projects underway, 2/24, p.21

G

General Dynamics Corp.:
First YF-16 production set for summer, 1/20, p.15

General Electric Co.:
See the 'light'—from costs to legislation, 1/6, p.9

General Electric Space Center:
GE solar project helps heat facility, 4/21, p.33

General Motors Corp.:
Is GM knocking machinery builders, or buyers? 4/14, p.32

General Motors Corp., New Departure Hyatt Bearings Div.:
A turnaround—but not quite by the books, 3/31, p.36

B. F. Goodrich Co.:
Company shifts its management training to a campus, 1/27, p.54

Goodyear Tire & Rubber Co.:
New life for private uranium enrichment, 6/2, p.23

Greyhound Lines Inc.:
Unlimited one-cost 15-day bus travel, 3/31, p.6

Gulf Oil Corp.:
Gulf outlines its plans for oil firms of the future, 1/13, p.52
When a PR tour makes sense, 3/24, p.79

I

Indiana Telephone Corp.:
Juggling the books . . . Allowing for inflation, 5/12, p.35

Ingersoll-Rand Co.:
Biomechanics boosts worker productivity, 2/3, p.34

IBM Corp.:
IBM takes 'first step' in small computers, 1/13, p.20

K

Kaiser Aluminum & Chemical Corp.:
People grow strong under 'flat management,' 4/7, p.39

Kaiser Industries Corp.:
BOF patent case may go to Supreme Court, 4/21, p.25

Kloeckner-Moeller GmbH:
Getting rid of the assembly line, 2/3, p.38

L

Litton Industries Inc., Litton Microwave Cooking Products Div.:
Marriage of purchasing, engineering can cut costs, 6/2, p.25

M

Mac Steel Co., Div. of Michigan Seamless Tube Co.:
New casting method improves tubemaking, 6/23, p.16

McDonnell Douglas Corp.:
IAM ends one strike at McDonnell Douglas, 4/21, p.23
Machinists reschedule aerospace talks, 3/10, p.9
McDonnell Douglas accord ends strike, 5/19, p.22

Mobil Oil Corp.:
A way to predict hydraulic breakdowns, 2/3, p.21

N

National Steel Corp.:
National Steel caps steel's capacity boom, 2/24, p.22

P

Pitney-Bowes Inc.:
One way to inform workers: face-to-face with the boss, 4/28, p.22

PPG Industries Inc.:
Do your employees merit 'page one'? 4/7, p.5

Precision Coil Processing Inc.:
Money 'buys' a safe plant, 4/28, p.49

R

Reconstruction Finance Corp.:
Federal aid for troubled firms? 3/17, p.43

Reserve Mining Co.:
High court gets Reserve case again, 3/10, p.14
Reserve Mining gains time to halt pollution, 3/24, p.16

Rimrock Corp.:
More 'cooks' can stir a more productive 'soup,' 1/13, p.24

Rockford Drop Forge Co.:
Workers study their company—and boost its performance, 4/28, p.50

Rohrer, Hibler & Replogle Inc.:
Planning a new plant? Don't forget the 'people factor,' 4/21, p.62

S

Shell Oil Co.:
Inflation accounting tried by Shell Oil, 2/24, p.59

Standard Pressed Steel Co.:
Put your divisions on the firing line, 3/3, p.36

Swindell-Dressler Co.:
U. S. firm wins second large contract in Iran, 2/10, p.58

T

Tenneco Inc.:
Floating nuclear plants delayed but not sunk, 2/17, p.24

U

Union Mechling Corp.:
River cargo traffic to grow, so bigger towboats are coming, 6/9, p.47

U. S. Steel Corp.:
U. S. Steel wins one battle at Clairton, 3/24, p.17
Was Gary shutdown jobs vs clean air? 1/13, p.50

V

A. B. Volvo:
Will it be a true auto plant? 3/31, p.31

W

Westinghouse Electric Corp.:
Westinghouse still sold on 'young' management, 2/10, p.12

X

Xerox Corp.:
Competition scratches at Xerox's domain, 6/16, p.28

Z

Zenith Radio Corp.:
Improving laid-off workers' skills, 5/19, p.17
